

A BULLET PUTS AN END TO UNHAPPY EXISTENCE

Miss Della Cochran, 27 Years of Age, Shoots Herself In the Heart Near Her California Hollow Home.

HAD OFTEN THREATENED TO KILL HERSELF

Preferring death to the miserable life she was leading, Miss Della Cochran, aged 27, committed suicide at an early hour this morning, shooting herself through the heart with a revolver. The act was undoubtedly premeditated, and could not have been planned more perfectly. Miss Cochran was housekeeper for A. Hulme, and it was at his home in California Hollow, two miles from the city, that the tragedy occurred.

Though the time of the fatality was close to 6 o'clock, report of it did not reach the authorities until nearly three hours later. Health Officer Ogden was first notified by Mr. Hulme and he immediately communicated with Chief Wyman. The latter detailed Officer Dunn to make an investigation and the officer, accompanied by a representative of the News Review, was soon on the scene. There was nothing gruesome attendant to the death. The woman looked as if calmly sleeping and there were no marks of violence other than the hole bored by the bullet which was not tainted with even a drop of blood.

The body was lying perhaps a rod from the house on the spot where it fell, and had not been disturbed. A blanket had been placed over it as a shelter from the rain. Close beside the inanimate form lay the weapon used to carry out the terrible purpose. It was a new revolver of 32 calibre, made by Harrington & Richardson. One bullet did the work. The woman, with cool deliberation, aimed the cruel death messenger well and it pierced the center of her heart. After firing the shot she gave utterance to two screams, reeled and fell backward to the ground. It is thought that death was instantaneous.

Mr. Hulme and his 11-year-old boy were at home when the suicide took place. The boy was the first to hear the report of the gun and to see her.

He says that when he rushed to the door she had already fallen and after giving one deep sigh sank into the shadow of death. When Mr. Hulme heard the shot he was in bed and he jumped to his feet quickly, believing that the report was from the revolver of a murderer. A hurried investigation was sufficient to set his mind at rest on that score, however. The revolver at her side told the story.

Miss Cochran made a desperate attempt to end her life with the same revolver only a few weeks ago. She was thwarted in the endeavor by Mr. Hulme. Had she been allowed to carry out her intentions at that time no doubt two lives would have been blotted out. It was very early in the morning. Mr. Hulme was awakened supposedly by the movements of the woman. When he opened his eyes he was horrified to see a revolver in the hands of Miss Cochran pointed directly at his brain. In the nick of time he jumped up, grabbed the gun and asked her what she intended doing. She would not reply. Mr. Hulme believes she had been mentally deranged for a long time and according to his statement the cause of her act seems plain.

For a year the woman had been brooding over the treatment she received at the hands of her close relatives. They, it is said, have shunned her owing to the disgrace she brought upon the family by dissipation. Time and again of late, it is stated, she has tried to get one kind word from them but in each instance she was turned away. She has a sister who seemed to be her only friend and in whom she confided. She told the sister only last week that she was afraid she would go crazy and that before that time she would kill herself. She has a child in the children's home.

Mr. Hulme was heartbroken over the awful affair. He will give the body a Christian burial.

Woman, who was fined Monday for getting intoxicated, was brought into court yesterday afternoon, pleaded guilty to the same charge and was fined \$1 and costs, the same penalty as was imposed on the woman. Both had been in jail for some time.

COAL MINING IS VERY ACTIVE

OPERATIONS FLOURISHING IN ROGERS AND VICINITY.

Mines Are Starting Up And Negotiations Pending for Some New Developments.

Rogers, April 27.—(Special.)—Operations in the coal mines in Rogers and vicinity are assuming unusual activity.

William Welsh & Co., a Pittsburg concern, has come to Rogers and taken charge of the Quaker Valley mines and is now pumping out the water, preliminary to beginning operations in 10 days. Mr. Welsh is superintendent of the mines and is an old and experienced operator. The mine employs from 50 to 100 men.

Negotiations are now on to purchase the lease held by John W. Hall, of East Liverpool, on the Ellis tract of coal land near here. In the event the purchase is made Pittsburg capitalists will take charge of the field, which is a prolific one, although small, employing about 10 men.

R. M. Wallace, of Pittsburg, has an agent at Rogers, negotiating for a 62-acre tract of coal land, which he contemplates opening and operating at once.

A small country mine, which was open until a few weeks ago, and operated by Walter E. Rogers, near this village, has closed down indefinitely on account of Mr. Rogers' illness.

The Powers Mining company, of Negley, has shut down on account of a disagreement between the operators and men over taking up slate from the bottom. Less than 100 men are now idle, but an effort will be made to adjust the difficulties.

Light Penalty Imposed.

Lisbon, April 27.—(Special.)—Charles Wilt, the colored companion of Sadie Huddleston, a Columbiana white

ATTACHMENT PUT ON A PARLOR CAR

Mayor Farrell in Possession of a Theatrical Company's Property.

Lisbon, April 27.—(Special.)—Mayor George T. Farrell has on his hands a fine parlor car, which is now on the siding at the P. L. & W. station. The car is the property of the Nelson Comedy company, which showed in Smiley's opera house last week and was seized on attachment proceedings brought by Herman Smiley, owner, and L. H. Miller, manager of the opera house, to satisfy a claim of \$35.

Other creditors are also closing in on the company, an attachment having been issued for \$16 due John George, a 16-year-old boy from Greenville, Pa., who has been employed on the car as a porter, and another for a \$40 grocery bill in Leetonia, where the company was held up for some days. The manager of the company is now in Buffalo, N. Y., and expects to be able to settle his obligations on his return in a day or so.

DAMAGE CLAIMS WERE REFERRED

Service Board Will Investigate the Question of East End Storm Losses.

FORMAL NOTICE IS SERVED

There was just a bare quorum of the city solons present at the regular meeting last evening, which prevented the passage of any measures which required the suspension of the rules or a two-thirds vote. The absent members were Messrs. Cannon, Croxall and Smith. President Horwell was in the chair.

During the meeting Attorney Davis, of the East End, presented a list of damage claims which are asked by owners of lots in the Midway Land company's addition to the East End. The claims aggregate \$835. The notice of the claims states that the damage has resulted by the overflow of Lake's run, which traverses that portion of the city. The run is said to have overflowed during the heavy storm of a few weeks ago and that the lots in the addition were washed out. The claims are presented by J. M. Buckley, M. W. Taylor, Arthur Fellows, Robert Dobbs, Matthew F. Herrington, Alice Winegrove and the Midway Land company.

The claims were referred to the board of public service with instructions to make an investigation and report to council as soon as possible.

James Hague, of the West End, also appeared again before the council and asked what was to be done in regard to the damage that had been sustained by his property in that part of the city. The matter was brought to the attention of the council in a communication from the board of service, which stated that after an investigation it was the opinion of the board that the city was not responsible for the damages that had been sustained by Mr. Hague. Privately Mr. Hague has made a proposition to have an arbitration board appointed for the purpose of deciding on the loss he had sustained, but this was not acceptable to the members after the report of the board. Mr. Hague stated that he would like to have something done in the matter, and Mr. Johnston moved the appointment of a special committee to make an investigation. In view of the fact that the service board had made this investigation and reported unfavorably to the payment of any damages, several of the members did not believe in the council taking it up again, and the motion was lost.

Attorney W. H. Spence, of Lisbon, notified Solicitor Davidson that he represented two of the property owners on Bradshaw avenue and that he wished to give notice that they would refuse to pay any of the cost of building the storm water sewer on that thoroughfare. It will be remembered that the East Liverpool Land company and a large number of the citizens on the street signed a waiver petition for the building of the sewer and agreed to advance the city the amount of money necessary for its share of the improvement. This proposition was accepted by the council, but the property owners have never come forward to fulfill their part of the agreement. Unless they do this soon it is not expected that any further movement toward building the sewer will be made. It is

PLEAS OF GUILTY IN A BIG BUNCH

Seventeen Wellsville Saloon Men Admit Keeping Slot Machines.

ALL FINED \$50 AND COSTS

Claim the Machines Were Sold to Them Under Misrepresentation As to Their Nature—Minimum Penalty Imposed By the Court.

Lisbon, April 27.—(Special.)—Frank Geisse, a Wellsville saloonkeeper, who was indicted for keeping a slot machine, came into court this morning, pleaded guilty and presented written pleas to the same effect, from the sixteen remaining saloonkeepers in Wellsville, who were indicted for the same offense. A fine of \$50 and costs was imposed in each case, with an accompanying ten days' jail sentence suspended during good behavior.

It was stated in behalf of the offenders that the machines had been sold to them on representations that they were of a character that did not come within the statutes. Prosecutor McGarry said, however, that the machines were games of chance, pure and simple. In consideration of the pleas of guilty in all the cases, the court imposed the minimum penalty.

ENGINE EXPLODES WITH AWFUL FORCE

THREE PERSONS KILLED AND OTHERS INJURED.

Several Buildings Wrecked by a Mishap on the B. & O. at Braddock, Pa.

Pittsburg, April 27.—(Special.)—While passing Tenth street, Braddock, at a high rate of speed, the engine of an east bound B. & O. freight train exploded, killing three people, seriously injuring three, and wrecking several buildings. The dead are: ENGINEER HUNTER, Connellsville; FIREMAN CORN, Connellsville; FRED DRAGLE, Mars.

The Polish Lutheran church near the track was badly damaged by flying parts of the engine. Four other buildings were wrecked, two of which were destroyed by fire.

KILLED HIMSELF IN COUNTY JAIL

Newark Man Indicted for Wife Murder Hanged Himself With Bed Cord.

Newark, O., April 27.—(Special.)—George Hackett, indicted for shooting his wife with intent to kill, committed suicide in the Licking county jail this morning.

Hackett secured a strong cord from his bed and hanged himself to one of the bars of his cell.

DUCK HUNTERS

Became Turbulent And Were Arrested, Charged With Pointing Fire Arms.

Andy Volker, Pittsburg; Timothy Jones, New Cumberland; and F. H. Henry, Beaver, were arrested late this afternoon in the East End on a charge of disorderly and pointing fire arms. They were on their way to the island to hunt ducks and were pretty drunk. It is alleged that they frightened a large number of people with the guns.

Two vagrants, George Raspberry and Joe Welding, were arrested this afternoon by Officer Bettridge and locked up.

CAPITAL REDUCED

East Liverpool Potteries Company Cuts Its Stock Down to \$250,000.

The East Liverpool Potteries company has filed with the secretary of state an amendment to its charter, reducing its capital stock from \$1,000,000 to \$250,000. N. A. Frederick is president and Fred B. Lawrence, secretary.

Warships Nearing Korea. Kobe, Japan, April 27.—(Special.)—Several vessels believed to be Russian warships were again sighted off Gen-san, Korea, today.

PASTOR INSTALLED AT LISBON CHURCH

Rev. A. I. Young, of McKeesport, Takes Charge of the Presbyterian Congregation.

Lisbon, April 27.—(Special.)—Rev. A. I. Young was installed as pastor of the U. P. church in Lisbon with impressive ceremonies yesterday afternoon. Dr. W. H. Vincent, moderator of the Cleveland presbytery, of the Third U. P. church in Youngstown, presided and preached the sermon. Rev. Guy W. McCracken, of the Second church in that city, who was to have delivered the address to the pastor, was unable to be present and in his absence Rev. E. E. Douglas, of East Palestine, delivered an address to both pastor and people.

Rev. Mr. Young comes to Lisbon from McKeesport, Pa., and enters upon his pastorate with bright prospects. The visiting ministers who conducted the installation ceremony here, left on the afternoon train for Sebring, where they installed Rev. L. E. Hawk last evening as pastor of the church there.

CHESTER PASTOR IS INSTALLED

Rev. J. W. Dunbar Now In Charge of the New Presbyterian Congregation.

THE IMPRESSIVE SERVICES

In spite of the inclement weather of last evening a very large congregation was present to witness and take part in the installation ceremonies of Rev. J. W. Dunbar, the new pastor of the Chester Presbyterian church. The service was conducted at the United Presbyterian church, and the edifice was crowded to the doors. The meeting marked the final session of the Washington presbytery. Hereafter West Virginia will have a synod of her own, and this section of the state will be in the Wheeling presbytery.

Rev. J. R. Hosick, of Hookstown, acted as moderator, and though the ceremonies were necessarily long, that official moved from one stage to the other with such grace that the more than two hours occupied by the service seemed to pass very quickly. After the meeting had been appropriately opened Rev. M. Rutherford, of Washington, Pa., was introduced by the moderator and preached the sermon. Rev. Mr. Rutherford is an earnest, impressive speaker. It cannot be said that his sermon of last night was eloquent, but he did not intend that it should be. His earnestness and logic impressed the large congregation right in the beginning, and he held the closest attention throughout the discourse. His topic was taken from the 37th Psalm the third verse: "Trust in the Lord and do good; so shalt thou dwell in the land, and verily thou shalt be fed."

The discourse was particularly adapted, as the speaker said, to a young and vigorous church such as had been established in Chester. The talk was pointed, earnest and logical, indicating careful preparation. His remarks were addressed for the most part to the members of the congregation and friends of the new church.

Rev. J. S. Pomeroy, of the Fairview church, was to have delivered the charge to the new pastor, but was unable to be present, and the duty was performed in a most satisfactory manner by Rev. A. D. McCulloch, of Toronto, who was peculiarly fitted for the task, since he had been a classmate of Rev. Mr. Dunbar, and was well acquainted with him personally. In beginning his brief talk Rev. Mr. McCulloch stated there were three essentials to the success of a leader of any flock. He must first be a man; let his life be an example for his brethren to follow, free from criticism. He must be a pastor, looking after the spiritual welfare of his people on week days out of the church as a shepherd tends his flock. Lastly he must be a preacher.

It is not given to every pulpit speaker to touch his hearers by eloquence, but there are many other ways by which the heart can be impressed. The speaker disapproved of picture sermons, spectacular displays or anything in that line which was calculated to move a person under excitement to affiliate with any church. He would prefer to have a small band of earnest, honest workers than 10 times the number who may be indifferent to the true duties of a Christian. The

WINE ORDINANCE BAD IN ITS PRESENT SHAPE

Discovered by the City Solicitor That It Conflicts With Measures Existing and Unrepealed.

AN ENTIRELY NEW BILL TO BE DRAFTED

The passage of the wine room ordinance which was recommended to the city council some time ago by the ordinance committee is again delayed and before it will be taken up again for action an entirely new ordinance will have to be prepared. The ordinance that was recommended for passage was taken up last evening and placed on the table by a vote of the members, for the alleged reason that the ordinance would not have been legal, even if adopted.

Solicitor Davidson made the discovery that the ordinance conflicted with other sections of a saloon ordinance which had never been repealed and were not mentioned in the present ordinance. It is also a question whether or not the saloonists who have paid fines for not having drawn their screens between the hours of 9 and 11 p. m. were legally assessed.

charge was one of the best ever listened to in the Washington presbytery, and its effect will be lasting.

The most enjoyable address of the evening, and one which cannot but have its influence, was given by Rev. George McDonald, of Wellsburg, who charged the people. Unreliable information had it that Rev. Mr. McDonald was not at the meeting, but those who listened to him last night were made aware of his presence, and it is likely they will never forget it. Though he did not display it last night, Rev. Mr. McDonald is an eloquent speaker, but there was no place for oratory or spellbinding in the duty assigned him upon this occasion. He was there to talk direct to the people, pointing out to them their duty to their pastor and to the church. That he performed his full duty will be vouched for by every one present.

The first speaker took up the question of funds. He thought there was no reason why the Chester church should not be self-supporting within a very short time. Every department of the church work ought to be contributed to, and above all things look after the pastor's salary and pay it regularly. There was a clause in the formal call which provided that you must keep the pastor "free from worldly care." This cannot be accomplished without a dollar in his pocket.

Rev. Mr. McDonald carried his hearers from one point to the other in a manner that showed him to be something of a humorist. He had a very large batch of "don'ts," and in every instance made them hit the mark as to the relation of the people to their pastor. He cautioned the people not to be too exacting. "You did not call an angel to this charge," he said, "but a man, and you should not expect him to be anything else. Perhaps there are churches who believe they have called an angel when a new pastor is installed, but there are some who would probably not be satisfied if they had an angel." You must be co-workers, and keep him from worldly care."

The moderator made the formal declaration that placed Rev. Mr. Dunbar in full charge and the service was appropriately closed. A reception will be tendered to the new pastor and his estimable wife at the same church tomorrow evening.

AGAIN REVIVED

Work Will Be Started on Negley Sewer Pipe Plant During the Summer.

Negley, April 27.—(Special.)—The scheme to build a sewer pipe plant here, which was set on foot about two years ago, has been revived again, and construction will begin by July 1. Harry J. Lawrence, of Pittsburg, is the leading capitalist in the concern.

Gets a Large Pension.

Lisbon, April 27.—(Special.)—William T. Watson, a civil war veteran of Lisbon, who has been getting a pension of \$24 a month, has had his allowance increased to \$30 a month.

The last screen ordinance, which was cited as being a substitute for section 17 of the old ordinance, called for the pulling of the screens at 9 o'clock for six months of the year and at 10 o'clock for the remaining six months. This ordinance was passed in 1901 and a number of fines have been paid under it. It is now learned that another ordinance passed in 1899 takes precedence, as it has never been repealed and is the only substitute for section 17 of the old ordinance. This ordinance only calls for the screens to be drawn at 11 p. m. city time, and also all day on Sunday.

Owing to these complications, it was decided to have a new ordinance prepared. As the ordinance which was before the council had already had one reading, the only thing to do with it was to place it on the table where it will remain and the solicitor will prepare a new ordinance to take its place.

A MINE IS IDLE AT SALINEVILLE

MACHINE MEN NOT SATISFIED WITH NEW SCALE.

They Have Struck, But Operators Say They Must Stand By the Agreement.

Salineville, April 27.—(Special.)—The miners at the O. & P. mine here are on strike owing to the machine men refusing to work at the price named in the scale. At the meeting of the miners and operators over a week ago the scale was agreed to, but the machine men at the Slope mine found that they were not getting as much for cutting coal as the men employed at the New Shaft mine. The machine men had a representative at the joint conference who was to look after the machine men's interests.

Al McGarry, representing the operators, is in town and stated to the men that the scale had been signed for the coming two years and that the operators would not submit to anything except the scale as signed up. He stated that orders were slack and the mine could lie idle for a time. The night men last evening did not go to work and the day men this morning returned home.

The action of the machine men has laid off all the employees of the company and over 250 men are idle. Many of the men who are employed as loaders seem to think that the machine men will be compelled to stand by the scale as signed. The trouble arose from the fact that the machine men cut coal one cent under the scale for the year 1903.

BOND GIVEN

By East Liverpool Saloon Men Who Enter Pleas of Not Guilty.

Lisbon, April 27.—(Special.)—Annie Hoffman, of East Liverpool, who was indicted for liquor law violations, came into court this morning, pleaded not guilty and was put under bond of \$100.

Tallis McCain, of the same city, pleaded not guilty to a similar indictment and was put under bond for a like amount.

I. O. O. F. Anniversary. Leetonia, April 27.—(Special.)—The local I. O. O. F. celebrated their eighty-fifth anniversary in their rooms last night. A delightful program of musical and literary numbers was rendered, among which were several excellent addresses by out-of-town guests. During the social at the close of the program a dainty lunch was served.

Ball Game Postponed. Owing to the rain and cold weather today the ball game between the letter carriers and high school teams has been postponed. The game will be played on May 3.

21ST. YEAR NO. 100.

EAST LIVERPOOL., O., WEDNESDAY, APRIL 27, 1904.

TWO CENTS.

A BULLET PUTS AN END TO UNHAPPY EXISTENCE

Miss Della Cochran, 27 Years of Age, Shoots Herself in the Heart Near Her California Hollow Home.

HAD OFTEN THREATENED TO KILL HERSELF

Preferring death to the miserable life she was leading, Miss Della Cochran, aged 27, committed suicide at an early hour this morning, shooting herself through the heart with a revolver. The act was undoubtedly premeditated, and could not have been planned more perfectly. Miss Cochran was housekeeper for A. Hulme, and it was at his home in California Hollow, two miles from the city, that the tragedy occurred.

Though the time of the fatality was close to 6 o'clock, report of it did not reach the authorities until nearly three hours later. Health Officer Ogden was first notified by Mr. Hulme and he immediately communicated with Chief Wyman. The latter detailed Officer Dunn to make an investigation and the officer, accompanied by a representative of the News Review, was soon on the scene. There was nothing gruesome attendant to the death. The woman looked as if calmly sleeping and there were no marks of violence other than the hole bored by the bullet which was not tainted with even a drop of blood.

The body was lying perhaps a rod from the house on the spot where it fell, and had not been disturbed. A blanket had been placed over it as a shelter from the rain. woman, who was fined Monday for getting intoxicated, was brought into court yesterday afternoon, pleaded guilty to the same charge and was fined \$1 and costs, the same penalty as was imposed on the woman. Both had been in jail for some time.

GAS FOR LEETONIA

A Pittsburg Company Proposes to Supply It from Wells Nearby.

Leetonia, April 27.—(Special).—At a meeting of council the Highland Oil & Gas company, of Pittsburg, presented a proposition to furnish gas for manufacturing, lighting and heating purposes, the maximum cost not to exceed 30 cents per thousand feet. It agreed to lay the mains and have all necessary connections made by January 1. The gas supply comes from the Midway field, between Leetonia and Columbiana, the output of which is sufficient for all the needs of the town.

Council will meet again on next Tuesday evening, at which time definite action will be taken on the proposition.

WALKED TO LISBON

And Placed Himself in Custody of the Sheriff, Who Was Seeking Him.

Lisbon, April 27.—(Special).—John Griffin, of Wellsville, who was indicted for selling and furnishing to a minor, walked to Lisbon yesterday afternoon and gave himself up to the sheriff, who had been trying to locate him for several days.

Buried Unidentified. Leetonia, April 27.—(Special).—The remains of the unknown man who was killed on the Ft. Wayne tracks between Columbiana and New Waterford Monday morning were interred in the cemetery here last evening.

A good investment—News Review "want" ads.

ATTACHMENT PUT ON A PARLOR CAR

Mayor Farrell in Possession of a Theatrical Company's Property.

Lisbon, April 27.—(Special).—Mayor George T. Farrell has on his hands a fine parlor car, which is now on the siding at the P. L. & W. station. The car is the property of the Nelson Comedy company, which showed in Smiley's opera house last week and was seized on attachment proceedings brought by Herman Smiley, owner, and L. H. Miller, manager of the opera house, to satisfy a claim of \$35.

Other creditors are also closing in on the company, an attachment having been issued for \$16 due John George, a 16-year-old boy from Greenville, Pa., who has been employed on the car as a porter, and another for a \$40 grocery bill in Leetonia, where the company was held up for some days. The manager of the company is now in Buffalo, N. Y., and expects to be able to settle his obligations on his return in a day or so.

DAMAGE CLAIMS WERE REFERRED

Service Board Will Investigate the Question of East End Storm Losses.

FORMAL NOTICE IS SERVED

There was just a bare quorum of the city solons present at the regular meeting last evening, which prevented the passage of any measures which required the suspension of the rules or a two-thirds vote. The absent members were Messrs. Cannon, Croxall and Smith. President Horwell was in the chair.

During the meeting Attorney Davis, of the East End, presented a list of damage claims which are asked by owners of lots in the Midway Land company's addition to the East End. The claims aggregate \$835. The notice of the claims states that the damage has resulted by the overflow of Lake's run, which traverses that portion of the city. The run is said to have overflowed during the heavy storm of a few weeks ago and that the lots in the addition were washed out. The claims are presented by J. M. Buckley, M. W. Taylor, Arthur Fellows, Robert Dobbs, Matthew F. Herrington, Alice Winegrove and the Midway Land company.

The claims were referred to the board of public service with instructions to make an investigation and report to council as soon as possible.

James Hague, of the West End, also appeared again before the council and asked what was to be done in regard to the damage that had been sustained by his property in that part of the city. The matter was brought to the attention of the council in a communication from the board of service, which stated that after an investigation it was the opinion of the board that the city was not responsible for the damages that had been sustained by Mr. Hague.

Privately Mr. Hague has made a proposition to have an arbitration board appointed for the purpose of deciding on the loss he had sustained, but this was not acceptable to the members after the report of the board. Mr. Hague stated that he would like to have something done in the matter, and Mr. Johnston moved the appointment of a special committee to make an investigation. In view of the fact that the service board had made this investigation and reported unfavorably to the payment of any damages, several of the members did not believe in the council taking it up again, and the motion was lost.

Attorney W. H. THREE PERSONS KILLED AND OTHERS INJURED.

Several Buildings Wrecked By a Mishap on the B. & O. at Braddock, Pa.

Pittsburg, April 27.—(Special).—While passing Tenth street, Braddock, at a high rate of speed, the engine of an east bound B. & O. freight train exploded, killing three people, seriously injuring three, and wrecking several buildings. The dead are: ENGINEER HUNTER, Connellsville; FIREMAN CORN, Connellsville; FRED DRAGLE, Mars.

The Polish Lutheran church near the track was badly damaged by flying parts of the engine. Four other buildings were wrecked, two of which were destroyed by fire.

KILLED HIMSELF IN COUNTY JAIL

Newark Man Indicted for Wife Murder Hanged Himself With Bed Cord.

Newark, O., April 27.—(Special).—George Hackett, indicted for shooting his wife with intent to kill, committed suicide in the Licking county jail this morning.

Hackett secured a strong cord from his bed and hanged himself to one of the bars of his cell.

DUCK HUNTERS

Became Turbulent And Were Arrested, Charged With Pointing Fire Arms.

Andy Volker, Pittsburg; Timothy Jones, New Cumberland, and F. H. Henry, Beaver, were arrested late this afternoon in the East End on a charge of disorderly and pointing fire arms. They were on their way to the island to hunt ducks and were pretty drunk. It is alleged that they frightened a large number of people with the guns.

Two vagrants, George Raspberry and Joe Welding, were arrested this afternoon by Officer Bettridge and locked up.

CAPITAL REDUCED

East Liverpool Potteries Company Cuts Its Stock Down to \$250,000.

The East Liverpool Potteries company has filed with the secretary of state an amendment to its charter, reducing its capital stock from \$1,000,000 to \$250,000. N. A. Frederick is president and Fred B. Lawrence, secretary.

Warships Nearing Korea.

Kobe, Japan, April 27.—(Special).—Several vessels believed to be Russian warships were again sighted off Gensan, Korea, today.

PASTOR INSTALLED AT LISBON CHURCH

Rev. A. I. Young, of McKeesport, Takes Charge of the Presbyterian Congregation.

Lisbon, April 27.—(Special).—Rev. A. I. Young was installed as pastor of the U. P. church in Lisbon with impressive ceremonies yesterday afternoon. Dr. W. H. Vincent, moderator of the Cleveland presbytery, of the Third U. P. church in Youngstown, presided and preached the sermon. Rev. Guy W. McCracken, of the Second church in that city, who was to have delivered the address to the pastor, was unable to be present and in his absence Rev. E. E. Douglas, of East Palestine, delivered an address to both pastor and people.

Rev. Mr. Young comes to Lisbon from McKeesport, Pa., and enters upon his pastorate with bright prospects. The visiting ministers who conducted the installation ceremony here, left on the afternoon train for Sebring, where they installed Rev. L. E. Hawk last evening as pastor of the church there.

CHESTER PASTOR IS INSTALLED

Rev. J. W. Dunbar Now In Charge of the New Presbyterian Congregation.

THE IMPRESSIVE SERVICES

In spite of the inclement weather of last evening a very large congregation was present to witness and take part in the installation ceremonies of Rev. J. W. Dunbar, the new pastor of the Chester Presbyterian church. The service was conducted at the United Presbyterian church, and the edifice was crowded to the doors. The meeting marked the final session of the Washington presbytery. Hereafter West Virginia will have a synod of her own, and this section of the state will be in the Wheeling presbytery.

Rev. J. R. Hosick, of Hookstown, acted as moderator, and though the ceremonies were necessarily long, that official moved from one stage to the other with such grace that the more than two hours occupied by the service seemed to pass very quickly. After the meeting had been appropriately opened Rev. M. Rutherford, of Washington, Pa., was introduced by the moderator and preached the sermon. Rev. Mr. Rutherford is an earnest, impressive speaker. It cannot be said that his sermon of last night was eloquent, but he did not intend that it should be. His earnestness and logic impressed the large congregation right in the beginning, and he held the closest attention throughout the discourse. His topic was taken from the 37th Psalm the third verse: "Trust in the Lord and do good; so shalt thou dwell in the land, and verily thou shalt be fed."

The discourse was particularly adapted, as the speaker said, to a young and vigorous church such as had been established in Chester. The talk was pointed, earnest and logical, indicating careful preparation. His remarks were addressed for the most part to the members of the congregation and friends of the new church.

Rev. J. S. Pomeroy, of the Fairview church, was to have delivered the charge to the new pastor, but was unable to be present, and the duty was performed in a most satisfactory manner by Rev. A. D. McCulloch, of Toronto, who was peculiarly fitted for the task, since he had been a classmate of Rev. Mr. Dunbar, and was well acquainted with him personally. In beginning his brief talk Rev. Mr. McCulloch stated there were three essentials to the success of a leader of any flock. He must first be a man; let his life be an example for his brethren to follow, free from criticism. He must be a pastor, looking after the spiritual welfare of his people on week days out of the church as a shepherd tends his flock. Lastly he must be a preacher.

It is not given to every pulpit speaker to touch his hearers by eloquence, but there are many other ways by which the heart can be impressed. The speaker disapproved of picture sermons, spectacular displays or anything in that line which was calculated to move a person under excitement to affiliate with any church. He would prefer to have a small band of earnest, honest workers than 10 times the number who may be indifferent to the true duties of a Christian. The

WINE ORDINANCE BAD IN ITS PRESENT SHAPE

Discovered by the City Solicitor That It Conflicts With Measures Existing and Unrepealed.

AN ENTIRELY NEW BILL TO BE DRAFTED

The passage of the wine room ordinance which was recommended to the city council some time ago by the ordinance committee is again delayed and before it will be taken up again for action an entirely new ordinance will have to be prepared. The ordinance that was recommended for passage was taken up last evening and placed on the table by a vote of the members, for the alleged reason that the ordinance would not have been legal, even if adopted.

Solicitor Davidson made the discovery that the ordinance conflicted with other sections of a saloon ordinance which had never been repealed and were not mentioned in the present ordinance. It is also a question whether or not the saloonists who have paid fines for not having drawn their screens between the hours of 9 and 11 p. m. were legally assessed.

charge was one of the best ever listened to in the Washington presbytery, and its effect will be lasting.

The most enjoyable address of the evening, and one which cannot but have its influence, was given by Rev. George McDonald, of Wellsburg, who charged the people. Unreliable information had it that Rev. Mr. McDonald was not at the meeting, but those who listened to him last night were made aware of his presence, and it is likely they will never forget it. Though he did not display it last night, Rev. Mr. McDonald is an eloquent speaker, but there was no place for oratory or spellbinding in the duty assigned him upon this occasion. He was there to talk direct to the people, pointing out to them their duty to their pastor and to the church. That he performed his full duty will be vouched for by every one present.

The first speaker took up the question of funds. He thought there was no reason why the Chester church should not be self-supporting within a very short time. Every department of the church work ought to be contributed to, and above all things look after the pastor's salary and pay it regularly. There was a clause in the formal call which provided that you must keep the pastor "free from worldly care." This cannot be accomplished without a dollar in his pocket.

Rev. Mr. McDonald carried his hearers from one point to the other in a manner that showed him to be something of a humorist. He had a very large batch of "don'ts," and in every instance made them hit the mark as to the relation of the people to their pastor. He cautioned the people not to be too exacting. "You did not call an angel to this charge," he said, "but a man, and you should not expect him to be anything else. Perhaps there are churches who believe they have called an angel when a new pastor is installed, but there are some who would probably not be satisfied if they had an angel." You must be co-workers, and keep him from worldly care."

The moderator made the formal declaration that placed Rev. Mr. Dunbar in full charge and the service was appropriately closed. A reception will be tendered to the new pastor and his estimable wife at the same church tomorrow evening.

AGAIN REVIVED

Work Will Be Started on Negley Sewer Pipe Plant During the Summer.

Negley, April 27.—(Special).—The scheme to build a sewer pipe plant here, which was set on foot about two years ago, has been revived again, and construction will begin by July 1. Harry J. Lawrence, of Pittsburg, is the leading capitalist in the concern.

Gets a Large Pension.

Lisbon, April 27.—(Special).—William T. Watson, a civil war veteran of Lisbon, who has been getting a pension of \$24 a month, has had his allowance increased to \$30 a month.

The last screen ordinance, which was cited as being a substitute for section 17 of the old ordinance, called for the pulling of the screens at 9 o'clock for six months of the year and at 10 o'clock for the remaining six months. This ordinance was passed in 1901 and a number of fines have been paid under it. It is now learned that another ordinance passed in 1899 takes precedence, as it has never been repealed and is the only substitute for section 17 of the old ordinance. This ordinance only calls for the screens to be drawn at 11 p. m. city time, and also all day on Sunday.

Owing to these complications, it was decided to have a new ordinance prepared. As the ordinance which was before the council had already had one reading, the only thing to do with it was to place it on the table where it will remain and the solicitor will prepare a new ordinance to take its place.

A MINE IS IDLE AT SALINEVILLE

MACHINE MEN NOT SATISFIED WITH NEW SCALE.

They Have Struck, But Operators Say They Must Stand By the Agreement.

Salineville, April 27.—(Special).—The miners at the O. & P. mine here are on strike owing to the machine men refusing to work at the price named in the scale. At the meeting of the miners and operators over a week ago the scale was agreed to, but the machine men at the Slope mine found that they were not getting as much for cutting coal as the men employed at the New Shaft mine. The machine men had a representative at the joint conference who was to look after the machine men's interests.

Al McGarry, representing the operators, is in town and stated to the men that the scale had been signed for the coming two years and that the operators would not submit to anything except the scale as signed up. He stated that orders were slack and the mine could lie idle for a time. The night men last evening did not go to work and the day men this morning returned home.

The action of the machine men has laid off all the employees of the company and over 250 men are idle. Many of the men who are employed as loaders seem to think that the machine men will be compelled to stand by the scale as signed. The trouble arose from the fact that the machine men cut coal one cent under the scale for the year 1903.

BOND GIVEN

By East Liverpool Saloon Men Who Enter Pleas of Not Guilty.

Lisbon, April 27.—(Special).—Annie Hoffman, of East Liverpool, who was indicted for liquor law violations, came into court this morning, pleaded not guilty and was put under bond of \$100.

Tallis McCain, of the same city, pleaded not guilty to a similar indictment and was put under bond for a like amount.

I. O. O. F. Anniversary.

Leetonia, April 27.—(Special).—The local I. O. O. F. celebrated their eighty-fifth anniversary in their rooms last night. A delightful program of musical and literary numbers was rendered, among which were several excellent addresses by out-of-town guests. During the social at the close of the program a dainty lunch was served.

Ball Game Postponed.

Owing to the rain and cold weather today the ball game between the letter carriers and high school teams has been postponed. The game will be played on May 3.

21ST. YEAR NO. 100.

EAST LIVERPOOL, O., WEDNESDAY, APRIL 27, 1904.

TWO CENTS.

A BULLET PUTS AN END TO UNHAPPY EXISTENCE

Miss Della Cochran, 27 Years of Age, Shoots Herself in the Heart Near Her California Hollow Home.

HAD OFTEN THREATENED TO KILL HERSELF

Preferring death to the miserable life she was leading, Miss Della Cochran, aged 27, committed suicide at an early hour this morning, shooting herself through the heart with a revolver. The act was undoubtedly premeditated, and could not have been planned more perfectly. Miss Cochran was housekeeper for A. Hulme, and it was at his home in California Hollow, two miles from the city, that the tragedy occurred.

Though the time of the fatality was close to 6 o'clock, report of it did not reach the authorities until nearly three hours later. Health Officer Ogden was first notified by Mr. Hulme and he immediately communicated with Chief Wyman. The latter detailed Officer Dunn to make an investigation and the officer, accompanied by a representative of the News Review, was soon on the scene. There was nothing gruesome attendant to the death. The woman looked as if calmly sleeping and there were no marks of violence other than the hole bored by the bullet which was not tainted with even a drop of blood.

The body was lying perhaps a rod from the house on the spot where it fell, and had not been disturbed. A blanket had been placed over it as a shelter from the rain. Close beside the inanimate form lay the weapon used to carry out the terrible purpose. It was a new revolver of 32 caliber, made by Harrington & Richardson. One bullet did the work. The woman, with cool deliberation, aimed the cruel death messenger well and it pierced the center of her heart. After firing the shot she gave utterance to two screams, reeled and fell backward to the ground. It is thought that death was instantaneous.

Mr. Hulme and his 11-year-old boy were at home when the suicide took place. The boy was the first to hear the report of the gun and to see her.

He says that when he rushed to the door she had already fallen and after giving one deep sigh sank into the shadow of death. When Mr. Hulme heard the shot he was in bed and he jumped to his feet quickly, believing that the report was from the revolver of a murderer. A hurried investigation was sufficient to set his mind at rest on that score, however. The revolver at her side told the story.

Miss Cochran made a desperate attempt to end her life with the same revolver only a few weeks ago. She was thwarted in the endeavor by Mr. Hulme. Had she been allowed to carry out her intentions at that time no doubt two lives would have been blotted out. It was very early in the morning, Mr. Hulme was awakened supposedly by the movements of the woman. When he opened his eyes he was horrified to see a revolver in the hands of Miss Cochran pointed directly at his brain. In the nick of time he jumped up, grabbed the gun and asked her what she intended doing. She would not reply. Mr. Hulme believes she had been mentally deranged for a long time and according to his statement the cause of her act seems plain.

For a year the woman had been brooding over the treatment she received at the hands of her close relatives. They, it is said, have shunned her owing to the disgrace she brought upon the family by dissipation. Time and again of late, it is stated, she has tried to get one kind word from them but in each instance she was turned away. She has a sister who seemed to be her only friend and in whom she confided. She told the sister only last week that she was afraid she would go crazy and that before that time she would kill herself. She has a child in the children's home.

Mr. Hulme was heartbroken over the awful affair. He will give the body a Christian burial.

woman, who was fined Monday for getting intoxicated, was brought into court yesterday afternoon, pleaded guilty to the same charge and was fined \$1 and costs, the same penalty as was imposed on the woman. Both had been in jail for some time.

GAS FOR LEETONIA

A Pittsburg Company Proposes to Supply It from Wells Nearby.

Leetonia, April 27.—(Special.)—At a meeting of council the Highland Oil & Gas company, of Pittsburg, presented a proposition to furnish gas for manufacturing, lighting and heating purposes, the maximum cost not to exceed 30 cents per thousand feet. It agreed to lay the mains and have all necessary connections made by January 1. The gas supply comes from the Midway field, between Leetonia and Columbiana, the output of which is sufficient for all the needs of the town.

Council will meet again on next Tuesday evening, at which time definite action will be taken on the proposition.

WALKED TO LISBON

And Placed Himself in Custody of the Sheriff, Who Was Seeking Him.

Lisbon, April 27.—(Special.)—John Griffin, of Wellsville, who was indicted for selling and furnishing to a minor, walked to Lisbon yesterday afternoon and gave himself up to the sheriff, who had been trying to locate him for several days.

Buried Unidentified.

Leetonia, April 27.—(Special.)—The remains of the unknown man who was killed on the Ft. Wayne tracks between Columbiana and New Waterford Monday morning were interred in the cemetery here last evening.

A good investment—News Review "want" ads.

ATTACHMENT PUT ON A PARLOR CAR

Mayor Farrell in Possession of a Theatrical Company's Property.

Lisbon, April 27.—(Special.)—Mayor George T. Farrell has on his hands a fine parlor car, which is now on the siding at the P. L. & W. station. The car is the property of the Nelson Comedy company, which showed in Smiley's opera house last week and was seized on attachment proceedings brought by Herman Smiley, owner, and L. H. Miller, manager of the opera house, to satisfy a claim of \$35.

Other creditors are also closing in on the company, an attachment having been issued for \$16 due John George, a 16-year-old boy from Greenville, Pa., who has been employed on the car as a porter, and another for a \$40 grocery bill in Leetonia, where the company was held up for some days. The manager of the company is now in Buffalo, N. Y., and expects to be able to settle his obligations on his return in a day or so.

DAMAGE CLAIMS WERE REFERRED

Service Board Will Investigate the Question of East End Storm Losses.

FORMAL NOTICE IS SERVED

There was just a bare quorum of the city solons present at the regular meeting last evening, which prevented the passage of any measures which required the suspension of the rules or a two-thirds vote. The absent members were Messrs. Cannon, Croxall and Smith. President Horwell was in the chair.

During the meeting Attorney Davis, of the East End, presented a list of damage claims which are asked by owners of lots in the Midway Land company's addition to the East End. The claims aggregate \$835. The notice of the claims states that the damage has resulted by the overflow of Lake's run, which traverses that portion of the city. The run is said to have overflowed during the heavy storm of a few weeks ago and that the lots in the addition were washed out. The claims are presented by J. M. Buckley, M. W. Taylor, Arthur Fellows, Robert Dobbs, Matthew F. Herrington, Alice Winegrove and the Midway Land company.

The claims were referred to the board of public service with instructions to make an investigation and report to council as soon as possible.

James Hague, of the West End, also appeared again before the council and asked what was to be done in regard to the damage that had been sustained by his property in that part of the city. The matter was brought to the attention of the council in a communication from the board of service, which stated that after an investigation it was the opinion of the board that the city was not responsible for the damages that had been sustained by Mr. Hague.

Privately Mr. Hague has made a proposition to have an arbitration board appointed for the purpose of deciding on the loss he has sustained, but this was not acceptable to the members after the report of the board. Mr. Hague stated that he would like to have something done in the matter, and Mr. Johnston moved the appointment of a special committee to make an investigation. In view of the fact that the service board had made this investigation and reported unfavorably to the payment of any damages, several of the members did not believe in the council taking it up again, and the motion was lost.

Attorney W. H. Spence, of Lisbon, notified Solicitor Davidson that he represented two of the property owners on Bradshaw avenue and that he wished to give notice that they would refuse to pay any of the cost of building the storm water sewer on that thoroughfare. It will be remembered that the East Liverpool Land company and a large number of the citizens on the street signed a waiver petition for the building of the sewer and agreed to advance the city the amount of money necessary for its share of the improvement. This proposition was accepted by the council, but the property owners have never come forward to fulfill their part of the agreement. Unless they do this soon it is not expected that any further movement toward building the sewer will be made. It is

PLEAS OF GUILTY IN A BIG BUNCH

Seventeen Wellsville Saloon Men Admit Keeping Slot Machines.

ALL FINED \$50 AND COSTS

Claim the Machines Were Sold to Them Under Misrepresentation As to Their Nature—Minimum Penalty Imposed By the Court.

Lisbon, April 27.—(Special.)—Frank Geisse, a Wellsville saloonkeeper, who was indicted for keeping a slot machine, came into court this morning, pleaded guilty and presented written pleas to the same effect, from the sixteen remaining saloonkeepers in Wellsville, who were indicted for the same offense. A fine of \$50 and costs was imposed in each case, with an accompanying ten days' jail sentence suspended during good behavior.

It was stated in behalf of the offenders that the machines had been sold to them on representations that they were of a character that did not come within the statutes. Prosecutor McGarry said, however, that the machines were games of chance, pure and simple. In consideration of the pleas of guilty in all the cases, the court imposed the minimum penalty.

ENGINE EXPLODES WITH AWFUL FORCE

THREE PERSONS KILLED AND OTHERS INJURED.

Several Buildings Wrecked By a Mishap on the B. & O. at Braddock, Pa.

Pittsburg, April 27.—(Special.)—While passing Tenth street, Braddock, at a high rate of speed, the engine of an east bound B. & O. freight train exploded, killing three people, seriously injuring three, and wrecking several buildings. The dead are: ENGINEER HUNTER, Connellsville; FIREMAN CORN, Connellsville; FRED DRAGLE, Mars.

The Polish Lutheran church near the track was badly damaged by flying parts of the engine. Four other buildings were wrecked, two of which were destroyed by fire.

KILLED HIMSELF IN COUNTY JAIL

Newark Man Indicted for Wife Murder Hanged Himself With Bed Cord.

Newark, O., April 27.—(Special.)—George Hackett, indicted for shooting his wife with intent to kill, committed suicide in the Licking county jail this morning.

Hackett secured a strong cord from his bed and hanged himself to one of the bars of his cell.

DUCK HUNTERS

Became Turbulent And Were Arrested, Charged With Pointing Fire Arms.

Andy Volker, Pittsburg; Timothy Jones, New Cumberland, and F. H. Henry, Beaver, were arrested late this afternoon in the East End on a charge of disorderly and pointing fire arms. They were on their way to the island to hunt ducks and were pretty drunk. It is alleged that they frightened a large number of people with the guns.

Two vagrants, George Raspberry and Joe Welding, were arrested this afternoon by Officer Bettridge and locked up.

CAPITAL REDUCED

East Liverpool Potteries Company Cuts Its Stock Down to \$250,000.

The East Liverpool Potteries company has filed with the secretary of state an amendment to its charter, reducing its capital stock from \$1,000,000 to \$250,000. N. A. Frederick is president and Fred B. Lawrence, secretary.

Warships Nearing Korea.

Kobe, Japan, April 27.—(Special.)—Several vessels believed to be Russian warships were again sighted off Gen-san, Korea, today.

PASTOR INSTALLED AT LISBON CHURCH

Rev. A. I. Young, of McKeesport, Takes Charge of the Presbyterian Congregation.

Lisbon, April 27.—(Special.)—Rev. A. I. Young was installed as pastor of the U. P. church in Lisbon with impressive ceremonies yesterday afternoon. Dr. W. H. Vincent, moderator of the Cleveland presbytery, of the Third U. P. church in Youngstown, presided and preached the sermon. Rev. Guy W. McCracken, of the Second church in that city, who was to have delivered the address to the pastor, was unable to be present and in his absence Rev. E. E. Douglas, of East Palestine, delivered an address to both pastor and people.

Rev. Mr. Young comes to Lisbon from McKeesport, Pa., and enters upon his pastorate with bright prospects. The visiting ministers who conducted the installation ceremony here, left on the afternoon train for Sebring, where they installed Rev. L. E. Hawk last evening as pastor of the church there.

CHESTER PASTOR IS INSTALLED

Rev. J. W. Dunbar Now In Charge of the New Presbyterian Congregation.

THE IMPRESSIVE SERVICES

In spite of the inclement weather of last evening a very large congregation was present to witness and take part in the installation ceremonies of Rev. J. W. Dunbar, the new pastor of the Chester Presbyterian church. The service was conducted at the United Presbyterian church, and the edifice was crowded to the doors. The meeting marked the final session of the Washington presbytery. Hereafter West Virginia will have a synod of her own, and this section of the state will be in the Wheeling presbytery.

Rev. J. R. Hosick, of Hookstown, acted as moderator, and though the ceremonies were necessarily long, that official moved from one stage to the other with such grace that the more than two hours occupied by the service seemed to pass very quickly. After the meeting had been appropriately opened Rev. M. Rutherford, of Washington, Pa., was introduced by the moderator and preached the sermon. Rev. Mr. Rutherford is an earnest, impressive speaker. It cannot be said that his sermon of last night was eloquent, but he did not intend that it should be. His earnestness and logic impressed the large congregation right in the beginning, and he held the closest attention throughout the discourse. His topic was taken from the 37th Psalm the third verse: "Trust in the Lord and do good; so shalt thou dwell in the land, and verily thou shalt be fed."

The discourse was particularly adapted, as the speaker said, to a young and vigorous church such as had been established in Chester. The talk was pointed, earnest and logical, indicating careful preparation. His remarks were addressed for the most part to the members of the congregation and friends of the new church.

The action of the machine men has laid off all the employees of the company and over 250 men are idle. Many of the men who are employed as loaders seem to think that the machine men will be compelled to stand by the scale as signed. The trouble arose from the fact that the machine men cut coal one cent under the scale for the year 1903.

BOND GIVEN

By East Liverpool Saloon Men Who Enter Pleas of Not Guilty.

Lisbon, April 27.—(Special.)—Annie Hoffman, of East Liverpool, who was indicted for liquor law violations, came into court this morning, pleaded not guilty and was put under bond of \$100.

Tallis McCain, of the same city, pleaded not guilty to a similar indictment and was put under bond for a like amount.

I. O. O. F. Anniversary.

Leetonia, April 27.—(Special.)—The local I. O. O. F. celebrated their eighty-fifth anniversary in their rooms last night. A delightful program of musical and literary numbers was rendered, among which were several excellent addresses by out-of-town guests. During the social at the close of the program a dainty lunch was served.

Ball Game Postponed.

Owing to the rain and cold weather today the ball game between the letter carriers and high school teams has been postponed. The game will be played on May 3.

COAL MINING IS VERY ACTIVE

OPERATIONS FLOURISHING IN ROGERS AND VICINITY.

Mines Are Starting Up And Negotiations Pending for Some New Developments.

Rogers, April 27.—(Special.)—Operations in the coal mines in Rogers and vicinity are assuming unusual activity.

William Welsh & Co., a Pittsburg concern, has come to Rogers and taken charge of the Quaker Valley mines and is now pumping out the water, preliminary to beginning operations in 10 days. Mr. Welsh is superintendent of the mines and is an old and experienced operator. The mine employs from 50 to 100 men.

Negotiations are now on to purchase the lease held by John W. Hall, of East Liverpool, on the Eells tract of coal land near here. In the event the purchase is made Pittsburg capitalists will take charge of the field, which is a prolific one, although small, employing about 10 men.

R. M. Wallace, of Pittsburg, has an agent at Rogers, negotiating for a 62-acre tract of coal land, which he contemplates opening and operating at once.

A small country mine, which was open until a few weeks ago, and operated by Walter E. Rogers, near this village, has closed down indefinitely on account of Mr. Rogers' illness.

The Powers Mining company, of Negley, has shut down on account of a disagreement between the operators and men over taking up slate from the bottom. Less than 100 men are now idle, but an effort will be made to adjust the difficulties.

Light Penalty Imposed.

Lisbon, April 27.—(Special.)—Charles Wilt, the colored companion of Sadie Huddleston, a Columbiana white

Among the Potteries and Allied Industries

NOT DISCOURAGED.

Newspapers have had considerable to say about what they call the abandonment of making real china at the Sebring China company, says the Glass and Pottery World. For about a year Frank Sebring has been experimenting at that six-kiln plant on translucent ware for dinner and toilet goods. As is known, there are but two potteries in America that have achieved any commercial success in this line, and their product has run chiefly to light hotel ware. It has proved a rather stiff proposition to obtain the right kind of labor to produce such goods. With organized labor virtually con-

Hood's Sarsaparilla

Has won success far beyond the effect of advertising only.

The secret of its wonderful popularity is explained by its unapproachable merit.

Based upon a prescription which cured people considered incurable,

Hood's Sarsaparilla

Unites the best-known vegetable remedies, by such a combination, proportion and process as to have curative power peculiar to itself.

Its cures of scrofula, eczema, psoriasis, and every kind of humor, as well as catarrh and rheumatism—prove

Hood's Sarsaparilla

the best blood purifier ever produced. Its cures of dyspepsia, loss of appetite and that tired feeling make it the greatest stomach tonic and strength-restorer the world has ever known.

Hood's Sarsaparilla

Is a thoroughly good medicine. Begin to take it TODAY. Get HOOD'S.

THE WEATHER

Ohio—Fair Wednesday and Thursday; rising temperature Thursday; fresh north to northwest winds.

Western Pennsylvania—Fair in north, rain in south portion Wednesday; Thursday fair; fresh northwest winds.

West Virginia—Fair Wednesday except clearing and colder in east portion; Thursday fair.

trolling the mechanical part of every pottery, the tendency has been yearly to gain speed and more wages, with a consequent deterioration of quality. The care, time and pride with which the ill-paid European workman produces pottery is almost unknown in America. The result is that more real china is being imported than ever, for prices, quality and even designs to some extent are still to the credit of hands and brains "across the sea." The American can probably do what the foreigner is doing, but as long as he can make more present money in producing porcelain the true china proposition is not likely to grow in this country. Frank Sebring, however, is no "quitter." He is going to "stay with it" until he can gradually educate a class of workers who will be specialists in this direction. The breakage under present conditions has been appalling. The work will be continued at the same pottery, but in a smaller way. There are enough orders in hand at Sebring's to keep the 24 kilns active, yet a portion of the Sterling plant will be reserved for this special ware, and potters everywhere will watch with interest Mr. Sebring's attempt to cultivate a new grade of pottery and make real china a successful commercial product.

YOUR BRAIN NEEDS BLOOD

It Cannot Run Without Fuel—Dyspeptic Stomach a Poor Fireman.

If you want a strong, active brain, you must take care of your stomach. Brain workers are always the first to suffer from indigestion and dyspepsia. They are also first to give way under the strain.

An active brain requires plenty of rich, red blood. Dyspepsia shuts off the blood supply. Food cannot digest—cannot yield nourishment.

Take a Rexall Dyspepsia Tablet each evening and you'll do three times as much work the next day. It will put your stomach right, get your bowels into condition and fill your arteries with good blood.

BUSINESS MAN TELLS HIS EXPERIENCE.

"I suffered for many years from loss of energy and ambition. I experienced colicky pains and severe bilious headaches. For days I would be incapacitated from attending to business. All food tasted the same to me. I took one package of Rexall Dyspepsia Tablets and was wonderfully benefited. Since that time I have never been without them. When I feel any of the distressing symptoms mentioned above I take the tablets as directed. I find myself substantially cured each time. I am now a healthy man and am able to do my work. I am now a healthy man and am able to do my work. I am now a healthy man and am able to do my work."

We back up Rexall Dyspepsia Tablets with our endorsement and our guarantee. Price 25 cents per full sized package. Sold only at our store or by mail.

LARKIN'S DRUG STORE

GAINING PUBLICITY.

Nothing in the trade has suggested more discussion than the general advertising of dinner ware by Taylor, Smith & Taylor in Ladies' Home Journal, Delineator, Collier's and other popular journals, says the Glass and Pottery World. To pay nearly \$100 per inch each insertion is a startling proposition to potters. The aim of this vigorous young house is to create local demand for their ware in every community, and by paying the dealers' advertising bills to some extent. They are not seeking the consumers' trade direct, but in response to the big mail bag full of requests for information, they forward some printed matter and a suggestion to call upon the nearest dealer, who in turn is advised of the inquiry. In some cases shipment is made direct at full retail price, and the profit, or credit slip, mailed to the dealer. Whatever other results may accrue, Taylor, Smith & Taylor and East Liverpool are getting much publicity.

TEAMS DEFIANT.

The ball teams at the D. E. McNicol and Taylor, Smith & Taylor potteries have assumed very defiant attitudes. The team at the latter plant is under the management of "Becky" Price and a few days ago he laid in a supply of gloves and ordered shoes for his players. No arrangements have been made for a game. Players on the McNicol team claim the other fellows have been beating them on the street corners, but want to be shown the real thing on the diamond. They are willing to cross the river any evening if the other team can find no other time to play.

PICNIC ARRANGED.

Local unions Nos. 44, 59 and 65, N. B. of O. P. of Sebring, have arranged to hold their annual picnic some time in June, the date and place of meeting not yet decided upon, but probably the place will be Idora park, near Youngstown. Of the committee on arrangements, Walter Crewson is chairman and Robert Jewell secretary.

POTTERY NOTES.

Charles Debee has taken a position as decorator in one of the Sebring plants.

Ben Till, stickerup at McNicol's, was laid up yesterday with an attack of pleurisy.

Jacob Smurthwaite continues to improve from his injuries, sustained by falling from a trestle and is able now to walk around the house.

Newt McAvoy, who plays short stop for the Athletics, is working out his notice at McNicol's and will take a ewer bench at the new plant at East Palestine.

The family of George Wolf, of Sebring, who went to Marshalltown a short time ago to take charge of a stoneware pottery, are moving there this week.

Frank Burns, of Steubenville, was the guest over Sunday of his brother-in-law and sister, Mr. and Mrs. George Smurthwaite, of Third street. Mr. Burns will leave Wednesday for Colorado for the benefit of his health.

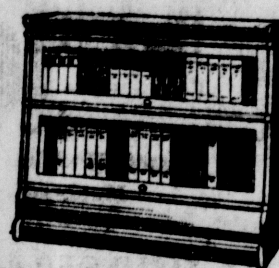

George Drake, who started pressing at the National a few weeks ago, has resigned his position and will start as an apprentice in the glost crew at the William Brunt plant. He has served all but a few months of his time as an apprentice.

Will Cartwright, batter-out for James Welch at McNicol's, has quit to take a job with Ben Wise at the Severs. The boys at McNicol's are sorry to lose "Weary," as he is the coming young ball player of the city. He pitches for the broken chairs and recently perfected a new curve ball which he calls the up drop.

"Now good digestion waits on appetite, and health on both." If it doesn't, try Burdock Blood Bitters.

This is the case that can be moved one unit at a time without disturbing the books—that can be arranged to fit most any space—that is protected by non-binding roller-bearing dust-proof doors—that is the handsomest, best, and only perfect sectional bookcase made. Our illustrations show several desirable combinations with prices for the cases furnished in golden quartered oak, weathered oak, or imitation mahogany. We furnish them in plain oak at lower prices or in genuine mahogany at higher prices. We also give prices of the different units or sections so the cost of additions to, or portions of, any combination shown is easily determined. One thing we don't and can't show here, and that is the beautiful finish and appearance of the cases. But we would like to have you call and see them—or will send catalogue if requested.

IRWIN'S OLD STAND.

EAST END

BUSINESS CRIPPLED BY BAD WEATHER

Contractors and Workmen Are Losing Time on New Buildings and Merchants Are Doing Little.

Business of almost every description has been brought to a standstill in the East End by the rainy and depressing weather. All building operations are being retarded and the contractors and workmen are feeling very keenly the loss of time. Very few of the many new houses under construction are advanced far enough for the inside work and work has been stopped entirely.

Some of the contractors are fearing damage to excavations and material left exposed to the weather. Real estate men say that there is nothing doing in their line of business and that as long as the bad weather continues few, if any sales will be made. The merchants, except those in the grocery line, are realizing that the weather is proving a serious handicap to business.

PETITION ALMOST READY

Awaits Only Few More Signatures and Will Then Be Filed in Court.

Many new names have been added to the big petition of East End property owners asking that they may take advantage of the relief sought for in the suits of Mrs. Martin and Thomas Harsha, in which it is sought to restrain the collection of the assessments for the improvement of Pennsylvania avenue.

The petition only awaits the signatures of a few more property owners.

East End Novelty Store,

DID YOU SAY WALL PAPER? Well if that's what you're looking for, come in and see me. Don't be persuaded that a little cleaner will make your old paper same as new, that don't sound right. Pull down your old paper and select a nice new paper and then you will make no mistake. Will cost you very little more. Also we keep most everything usually found in a first class novelty store. Don't forget the place, No. 146 Mulberry St., E. E.

W. W. ROACH, Prop.

when it will be filed by Attorneys James E. Davis and Frank Lones, who represent all the plaintiffs. As yet City Solicitor Davidson has filed no answer to the suits already brought.

Funeral of Mrs. Chamberlain.

The funeral services of the late Mrs. Marietta Chamberlain, who died early Monday morning at her home in Dixonville, were held at the home at 1 o'clock this afternoon. Rev. N. M. Crowe, of the Second Presbyterian church, officiated, assisted by Rev. J. L. Swan, who was Mrs. Chamberlain's pastor when she was a member of the Long's Run church. The services were largely attended and many accompanied the body to Long's Run cemetery, where it was laid at rest.

Another Well Drilled In.

The Ohio River Oil & Gas company has drilled in another well in the Ohioville field, on the farm of Mrs. Emma Rauch. This is the sixth well drilled by the company in that field and is said to be the best. A strong showing of oil was found and the well will be shot soon.

Pleasant Social.

In spite of the bad weather there was a good attendance at the P. H. C. social last night and the degree team of the lodge, for whose benefit the social was given, realized a neat sum. The program, consisting of musical and literary numbers, was greatly enjoyed and refreshments were served.

To Lecture Tonight.

Rev. C. L. Wright will lecture to-night at the Oakland Free Methodist church, his subject being, "Immortal Songs." Rev. Mr. Wright has been a student at the United Presbyterian theological school at Allegheny and is said to be an eloquent speaker. No admission will be charged.

More Dogs Killed.

Officer Fisher further decreased the dog population of the East End yesterday afternoon when he killed two more of the stray canines. Several hundred remain to be disposed of and a busy summer is in store for the officer.

EAST END AFFAIRS.

James Mannion has moved into a new house on St. George street.

Prof. Noah's band will meet for practice tonight in Larkins' hall.

Mrs. Pearl Martin, of Pennsylvania avenue, is confined to her home with sickness.

I. Miller, of the Miller department store, has returned from a business trip to Pittsburgh.

The little child of Mr. and Mrs. Charles Potts, painfully burned Monday, is improving.

Word from D. F. White received yesterday is that he will be home from the west next Saturday.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected a permanent cure." C. W. Lenhart, Bowling Green, O.

TO THE PUBLIC

I desire to notify my trade that I purchased the fish business, good will, trade and name, therefore I am lawfully using the name of F. W. Schlegel at 167 Market St.

Schlegel's Fish Market

COUNTY AND NEIGHBORHOOD

John H. Glasser has been nominated as postmaster at Monaca, Pa.

Safe blowers robbed the Empire Coal company's office near Bellaire of \$175.

Rev. George Fraser, born at Wells-ville in 1823, a graduate of Washington and Jefferson college, is dead at Crowley, La.

Alex Cherry, found dead at the Gay-lord mines in Jefferson county, was found by the coroner to have committed suicide.

Mrs. J. F. Maple, of Hammondsville, has left her home and it is alleged that an Italian friend of hers left about the same time.

John W. Henry, aged 60, was injured at the freight station at Steubenville by a casting falling upon him and died later.

Frank Rogers, for many years station agent at Salineville, is very ill at his home in that village, being threatened with dropsy.

Rev. V. E. Tomlinson, of Worcester, Mass., will deliver the commencement address at Buchtel college June 22. There will be eight graduates.

Jerry Gleason, aged 110, a native of County Tipperary, Ireland, a veteran of the Mexican war, said to be the oldest resident of Ohio, is dead at Mt. Vernon.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists.

Hall's Family Pills are the best.

AZELDA

Azelza, April 27.—L. A. Tullis and family and Ed Thomas and family were visitors at R. B. Tullis' Sunday.

Licia Cope, of Lisbon, visited at Mrs. Lizzie Eckenrodt's and Mrs. Charles Mercer's lately.

James Sharp, who has been seriously ill at L. Cope's, is slowly improving.

The families of Err and Cory Williams were guests at the home of Jessie Williams Sunday.

Mr. and Mrs. Eli Vale visited the family of Frank Bowman Sunday.

Mrs. Eva Holloway and three little girls, of Columbiana, visited Mrs. Holloway's father, J. M. Walter, who is not well.

Oliver Cope, of East Liverpool, is visiting relatives here.

Mrs. Jared Marlinee is under the doctor's care again.

Mrs. Mary Culp has returned to her home again.

David Walter and family, of Hum-town, visited relatives here over Sunday.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggists.

THREE DAYS LEFT

A. B. Smith's Ten Days of Standard High Grade

Pianos and Organs

Ends next Saturday night at 11 sharp.

Easy Terms. Store open evenings.

Reader, my ten days' sale of fine, new upright pianos will end next Saturday night. Out of the twenty-one shipped here ONLY EIGHT ARE LEFT. Now is your chance, as I will not be here again for one year.

A pleased customer is the best advertisement. Last year I sold a large number of pianos here and ALL ARE PLEASED. Those customers are my best friends now.

I handle only STANDARD, WORLD KNOWN MAKES, not pianos that are known in one locality and sold by a few dealers with limited output. Come in and see the KIMBALL, endorsed by Patti, Sousa and 150 of the greatest musicians. Also the STEGER, a piano that is unsurpassed, made in the largest piano plant in the world at Steger, Ill.

Also the "SINGER," the "honestly made piano." \$475 pianos go at \$318; \$450 at \$298; \$400 at \$258; \$300 at \$188; \$250 at \$138. Terms: \$10 to \$25 down and \$6, \$7, \$8 or \$10 per month.

Organs, \$8 to \$69, worth \$25 to \$115. \$3 to \$5 down and \$2, \$4 or \$5 per month.

EAST END

BUSINESS CRIPPLED

BY BAD WEATHER

Contractors and Workmen Are Losing Time on New Buildings and Merchants Are Doing Little.

Business of almost every description has been brought to a standstill in the East End by the rainy and depressing weather. All building operations are being retarded and the contractors and workmen are feeling very keenly the loss of time. Very few of the many new houses under construction are advanced far enough for the inside work and work has been stopped entirely.

Some of the contractors are fearing damage to excavations and material left exposed to the weather. Real estate men say that there is nothing doing in their line of business and that as long as the bad weather continues few, if any sales will be made. The merchants, except those in the grocery line, are realizing that the weather is proving a serious handicap to business.

PETITION ALMOST READY

Awaits Only Few More Signatures and Will Then Be Filed in Court.

Many new names have been added to the big petition of East End property owners asking that they may take advantage of the relief sought for in the suits of Mrs. Martin and Thomas Harsha, in which it is sought to restrain the collection of the assessments for the improvement of Pennsylvania avenue.

The petition only awaits the signatures of a few more property owners.

East End Novelty Store,

DID YOU SAY WALL PAPER? Well if that's what you're looking for, come in and see me. Don't be persuaded that a little cleaner will make your old paper same as new, that don't sound right. Pull down your old paper and select a nice new paper, and then you will make no mistake. Will cost you very little more. Also we keep most everything usually found in a first class novelty store. Don't forget the place, No. 146 Mulberry St., E. E.

W. W. ROACH, Prop.

when it will be filed by Attorneys James E. Davis and Frank Lones, who represent all the plaintiffs. As yet City Solicitor Davidson has filed no answer to the suits already brought.

Funeral of Mrs. Chamberlain.

The funeral services of the late Mrs. Marietta Chamberlain, who died early Monday morning at her home in Dixonville, were held at the home at 1 o'clock this afternoon. Rev. N. M. Crowe, of the Second Presbyterian church, officiated, assisted by Rev. J. L. Swan, who was Mrs. Chamberlain's pastor when she was a member of the Long's Run church. The services were largely attended and many accompanied the body to Long's Run cemetery, where it was laid at rest.

Another Well Drilled In.

The Ohio River Oil & Gas company has drilled in another well in the Ohioville field, on the farm of Mrs. Emma Rauch. This is the sixth well drilled by the company in that field and is said to be the best. A strong showing of oil was found and the well will be shot soon.

Pleasant Social.

In spite of the bad weather there was a good attendance at the P. H. C. social last night and the degree team of the lodge, for whose benefit the social was given, realized a neat sum. The program, consisting of musical and literary numbers, was greatly enjoyed and refreshments were served.

To Lecture Tonight.

Rev. C. L. Wright will lecture tonight at the Oakland Free Methodist church, his subject being, "Immortal Songs." Rev. Mr. Wright has been a student at the United Presbyterian theological school at Allegheny and is said to be an eloquent speaker. No admission will be charged.

More Dogs Killed.

Rev. George Fraser, born at Wells-ville in 1823, a graduate of Washington and Jefferson college, is dead at Crowley, La.

Alex Cherry, found dead at the Gaylord mines in Jefferson county, was found by the coroner to have committed suicide.

Mrs. J. F. Maple, of Hammondsville, has left her home and it is alleged that an Italian friend of hers left about the same time.

John W. Henry, aged 60, was injured at the freight station at Steubenville by a casting falling upon him and died later.

Frank Rogers, for many years station agent at Sallineville, is very ill at his home in that village, being threatened with dropsy.

Rev. V. E. Tomlinson, of Worcester, Mass., will deliver the commencement address at Buchtel college June 22. There will be eight graduates.

Jerry Gleason, aged 110, a native of County Tipperary, Ireland, a veteran of the Mexican war, said to be the oldest resident of Ohio, is dead at Mt. Vernon.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

AZELDA

Azelda, April 27.—L. A. Tullis and family and Ed Thomas and family were visitors at R. B. Tullis' Sunday.

Licia Cope, of Lisbon, visited at Mrs. Lizzie Eckenrods and Mrs. Charles Mercer's lately.

James Sharp, who has been seriously ill at L. Cope's, is slowly improving.

The families of Err and Cory Williams were guests at the home of Jessie Williams Sunday.

Mr. and Mrs. Eli Vale visited the family of Frank Bowman Sunday.

Mrs. Eva Holloway and three little girls, of Columbiana, visited Mrs. Holloway's father, J. M. Walter, who is not well.

Oliver Cope, of East Liverpool, is visiting relatives here.

Mrs. Jared Marilee is under the doctor's care again.

Mrs. Mary Culp has returned to her home again.

David Walter and family, of Huntington, visited relatives here over Sunday.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggists.

THREE DAYS LEFT

A. B. Smith's Ten Days of Standard High Grade

Pianos and Organs

Ends next Saturday night at 11 sharp.

Easy Terms. Store open evenings.

Reader, my ten days' sale of fine, new upright pianos will end next Saturday night. Out of the twenty-one shipped here ONLY EIGHT ARE LEFT. Now is your chance, as I will not be here again for one year.

A pleased customer is the best advertisement. Last year I sold a large number of pianos here and ALL ARE PLEASED. Those customers are my best friends now.

I handle only STANDARD, WORLD KNOWN MAKES, not pianos that are known in one locality and sold by a few dealers with limited output. Come in and see the KIMBALL, endorsed by Patti, Sousa and 150 of the greatest musicians. Also the STEGER, a piano that is unsurpassed, made in the largest piano plant in the world at Steger, Ill.

Also the "SINGER," the "honestly made piano." \$475 pianos go at \$318; \$450 at \$298; \$400 at \$258; \$300 at \$188; \$250 at \$138. Terms: \$10 to \$25 down and \$6, \$7, \$8 or \$10 per month. Organs, \$8 to \$69, worth \$25 to \$115. \$3 to \$5 down and \$2, \$4 or \$5 per month.

strong.

The record of the legislature as a

whole is a most creditable one. Some

needed legislation has been over-

looked, but much that is bound to be

popular and beneficial has been enacted.

Incidentally, it may be remarked

that the Columbiana county legisla-

tors have distinguished themselves as

working members, showing at all times

a desire to carry out the wishes of

their constituents faithfully.

A publication which annually coun-

piles the figures of the drink bill of

the United States finds that last year

this country paid the enormous sum

of \$1,451,633,379 for alcoholic drink.

The alarming feature of this total is

that it shows an increase of \$150,000,

000 over the annual average for the

past five years. It is a per capita of

\$18.15 for every man, woman and child

in this country.

Salem is already talking about a

Fourth of July celebration. An ebulli-

tion of patriotic enthusiasm is about

due in this city. It is some time since

a concerted movement for celebrating

the great holiday has been made here.

Half a million talking machine re-

cords were destroyed in a Camden,

N. J., fire the other day, but as long

as the files of the Congressional Rec-

ord are preserved there will be no

alarming shortage in that line.

The Japanese are reported across

the Yalu in the vicinity of Tchangjiou

and Siapoussikhe. There is no ques-

tion about the courage of an army

which will invade such places as those.

Carrie Nation is said to be earning

\$300 a week in a dime museum, which

is about \$299.70 more than she is

worth outside.

The Odd Fellows have a record to

be proud of, and it is no wonder their

celebrations are earnest and enthusi-

astic.

An exchange speaks of the old line

Democrats of Ohio. Where are they?

Certainly not in evidence or likely to

be.

Representative Dazell makes it

plain that Bourke Cockran is not an

issue in the coming campaign.

Mrs. Wiggs, of the Cabbage Patch,

evidently does not relish having great-

"Just Now"

Drugs

Just now will be a good time to try our service. The spring overhauling will find you in need of drugs and we want to supply them. House cleaning will be easier if you use plenty of borax and ammonia. Results will be far more satisfactory if you follow the cleaning by a liberal use of insecticides and disinfectants. We have everything needed and all will be fresh, pure and reliable.

It will be a pleasure to give information or to quote prices.

money talks, it takes a lot of it to make a racket that is even faintly audible from one end of the country to the other.

Uncle Sam will now show the world what he knows about ditch digging.

The day of the summer car is apparently still distant.

Spring is averse to any pleasant surprises this year.

AT THE THEATER

The following criticism on Paul Gilmore was made in the State Journal, of Lincoln, Neb.: "The actors who forge to the front by legitimate means are not all dead yet. Fully nine-tenths of the stars of the present generation base their claims to fame on intrusion of personality. In other words, they 'travel on their shape.' Among the exceptions to this rule is Paul Gilmore. To prove that his popularity is a matter of legitimate growth, it is only necessary to point out the fact that when he first came to Lincoln he was entirely unknown and that from season to season the audiences to welcome him have steadily increased in size. Mr. Gilmore, moreover, is a man of culture, therefore receptive and not afraid to learn.

"Last evening at the Oliver he appeared in 'The Mummy and the Humming Bird,' a comedy-drama made known in the east by John Drew. Society problems of ancient vintage are skillfully worked over in the story. The mummy is a married man, too deeply absorbed in his hobby, some form of scientific research, to pay much attention to his young and attractive wife, who naturally misunderstands his attitude. The Humming Bird is a wily Italian count who would surround the lady with that wealth of affection she fails to receive at her husband's hands.

"At first blush this scheme would appear to be as old as that part of ancient history which relates the adventures of Joseph in Egypt. In King Solomon's time there was nothing new under the sun. Therefore themes are not now invented, but more or less cleverly worked over. That comedy is best which is not without touches of pathos. The play of last evening is full of the right kind of thrills, fairly evenly distributed throughout the four acts. That the villain is discomfited and leaves the scene in shame and confusion and that husband and wife fall into each other's arms with an explosive 'darling,' is mentioned here only to record the fact that the properties are observed. Virtue triumphs, while villainy gnashes its teeth and seeks

"The Best Soda in Town"

Ask anybody, man, woman or child, who has the best soda in town. They will tell you Anderson's. Ask whose ice cream is the best. You will get the same answer. Look for the most crowded fountain in the city and you will find that the sign above the door is

"Only the Best"

THE DAUGHTER OF PROF. RENO OF ELWOOD, IND.

RESTORED TO HEALTH BY VINOL.

Mrs. Reno's Letter and Advice to Mothers, Published by Request of Mr. Larkins.

Mrs. Reno says: "Our daughter Marion was troubled with indigestion; she became fretful, could not sleep at night, lost flesh, and we feared that we should lose her. We tried different doctors and many kinds of medicines, with no apparent success, until we tried Vinol. Two bottles cured our little daughter; she can eat anything, sleeps well and has gained flesh. We think it is the best medicine in the world for children. I advise every mother who has an ailing child to try Vinol. I know nothing equals it, and it tastes so good there is no trouble in getting children to take it."

A reporter of the News Review asked Mr. Larkins, of this city, who is selling so much Vinol, regarding it. Mr. Larkins assured the writer that this is only one of a great many such cases that are constantly coming to his attention where Vinol has actual-

Marion Reno.

ly saved the lives of children when all else had failed.

"You know, of course," said Mr. Larkins, "Vinol is not a patent medicine, and it contains all the medicinal curative elements of cod liver oil, without the nauseating oil; it is delicious to take, and will make rich, pure, red blood, sound flesh, and muscle tissue, and create health and strength more surely and quickly than anything we have ever sold in our store.

"In the strongest manner we unhesitatingly endorse and guarantee Vinol to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or will return to the purchaser every dollar paid for it. I just wish every mother in East Liverpool who has a sick, puny or ailing child would try Vinol on our guarantee." Chas. T. Larkins, druggist.

new pastures.

"A dangerous approach to the time honored introduction of a tramp in melodrama is had in the first act. An Italian organ grinder thirsting for revenge comes upon the scene, but makes good by falling in with the natural trend of the play.

"Paul Gilmore has now reached that stage in acting in which it is no longer a requirement to be conscious of and anxious as to the technique. His manner has always been graceful. It is now quite easy. He is nearing that most desirable of all qualities—repose. If a few unobtrusive mannerisms are still in evidence, they only serve to identify him. Sir Henry Irving is full of mannerisms, but none the less great. Mr. Gilmore readily evinces intensity of emotion without clawing the atmosphere or getting above his vocal range."

Miss Alberta Gallatin will be seen at the Grand tomorrow night in "Ghosts," possesses all of the above requirements. Her work shows great emotional power, perfect training and subtle skill. Her conception of the author's ideal is remarkable. Ibsen's "Ghosts" with Miss Gallatin will be the notable dramatic event of the year.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggist.

SOUTH SIDE

DOG LICENSES WILL BE REQUIRED

Chester Council Enacts a Rigid Ordinance—A Measure to Prevent Firecracker Shooting.

As had been previously announced the Chester council took up the dog question at its meeting, and when the members were through with the ordinance it was binding enough to suit the most fastidious. All dogs will be licensed in the future, and a tag will be worn indicating to whom they belong. When captured without the necessary equipment they will be impounded and held for two days. At the end of that time they will be killed, provided the owner has not applied for their release. All dogs must be muzzled between July 1 and September 1. Any dog found running at large without a muzzle during that time will be shot on sight.

An ordinance was passed providing for a fine of from \$1 to \$20 for shooting within the corporation. The exploding of firecrackers and torpedoes are also included in the ordinance. Special provision is made for the Fourth of July and other occasions. The two ordinances were passed under suspension of the rules.

Ordinances establishing grade lines on a number of streets were also passed, and the report of Sergeant Rose was taken up. It showed that there was a balance from tax collections of about \$1,100. The amount will be applied to the payment of interest on the recent bond issue.

PONY DIED IN A PECULIAR MANNER

Eating Grass Near the Car Barn When It Started Coughing and Soon Expired.

A pony belonging to Jack Tinson died yesterday in a very peculiar manner. Tinson had been accustomed to riding to his work at the car barn and while engaged during the day the pony was usually allowed to pick grass about the neighborhood. Yesterday the animal had picked out a grassy spot near the car barn, but had been engaged upon it but a few minutes when it began to cough. Its actions attracted the attention of those inside, and when they investigated, found the pony had choked to death. A careful investigation was at once instituted and it was discovered that the animal had attempted to swallow a large wad of waste. It is supposed the stuff got mixed with the grass, and he gulped it down without being aware of it. Some of Tinson's fellow workmen claim there was some goat blood in the pony.

TIME WILL BE SAVED

By a New Railroad Order Which Makes Chester Headquarters of Shifter Crew.

Beginning next Monday the crew of men who have charge of the shifter in Chester will lie over at this end of the road. The move was determined upon some time ago, and is thought to be a good one.

The traffic has been growing recently and the crew was unable to take care of the work in a satisfactory manner with their layover at New Cumberland. By the new arrangement the time it took to make the run from New Cumberland to Chester each morning can be devoted to the work of taking care of the business in the Chester yards. The town's population will be increased to the number of at least five families, all of whom are now hunting for vacant houses.

The Announced Candidate.

The News Review was stating facts when the statement was made yesterday that so far as any formal announcement had been made J. P. Bradley had no opposition in the north end of the county. Mr. Ingram was approached by a News Review representative several days ago with reference to his announcing. He said if the Tribune had announced him it had done so without his authority. The News Review's announcement column can be relied upon. The candidates therein announced are out for the offices. They have been seen and authority given for the use of their names. The News Review uses no "pickups."

Will Wed Tonight.

Miss Lottie Burton, of Chester, and Charles Smith, of East Liverpool, will be married this evening by Rev. N. M. Crowe, pastor of the Second Presbyterian church of East Liverpool. Both are well known young people and have a large number of friends in Chester.

Death of August Elson.

Word was received in Chester yesterday of the death of Augustus Elson, at his home in Magnolia, O. Mr. Elson was a relative of all the Baxter families in Hancock county and many of

them will attend the funeral, which is to take place at Magnolia tomorrow. Mr. Elson was a wealthy miller, having been the proprietor of the famous Magnolia flouring mills for years. He was 68 years of age and leaves a large family of grown up children.

CHESTER BRIEFS.

Mrs. E. C. Baxter has returned from Penrhyn, where she attended the funeral of a relative.

Earl, the little son of Mr. and Mrs. John Cunningham, of the Fairview road, is seriously ill.

Edward C. Baxter left yesterday for Wellsburg, where he will spend several days on business.

Miss Lotta Sutherland has returned to her home at Pittsburg after a visit with relatives in Chester.

An important cabinet meeting of the Epworth League of the Chester M. E. church will be held after prayer meeting tonight.

The regular business meeting of the Ladies' Missionary society of the Presbyterian church will be held at the home of Mrs. Charles Brandon tomorrow afternoon.

Suit has been entered in the court of Justice W. C. Johnston by S. O. Fulmer against George Fotts. The claim is for \$15 and is alleged to be due for board. A hearing will be had May 2 at 1 p. m.

Miss Ora McCarrell, of Hickory, Pa., is the guest of her sister, Mrs. Rev. J. W. Danbar, on Carolina avenue.

Miss McCarrell is a daughter of Dr. James McCarrell, who was once a resident of this part of the state.

George Haun, an insurance man of New Cumberland, arrived in Chester this morning, and will spend several days here on business.

Diphtheria, sore throat, croup. Instant relief, permanent cure. Dr. Thomas' Electric Oil. At any drug store.

Two Men Killed at Powder Mill. Hannibal, Mo., April 27.—An explosion in the gelatine house of the Producers Powder company's plant at La-motte, 22 miles south of here, killed two men and demolished the building.

A Great Sensation. There was a big sensation in Lees-ville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50 cents and \$1. Guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggists. Trial bottles free.

Wealthy Woman Dies in Sleep. Lexington, Ky., April 27.—An apparently wealthy woman whose name could not be obtained died in a berth in a Queen and Crescent sleeper. The woman's home was in Grand Rapids, Mich.

A Timely Suggestion. This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system.

In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Jager.

The News Review is recognized as East Liverpool's leading newspaper as regards news service and advertising medium.

Incidentally, it may be remarked that the Columbiana county legislators have distinguished themselves as working members, showing at all times a desire to carry out the wishes of their constituents faithfully.

A publication which annually compiles the figures of the drink bill of the United States finds that last year this country paid the enormous sum of \$1,451,633,379 for alcoholic drinks.

The alarming feature of this total is that it shows an increase of \$150,000,000 over the annual average for the past five years. It is a per capita of \$18.15 for every man, woman and child in this country.

Salem is already talking about a Fourth of July celebration. An ebullition of patriotic enthusiasm is about due in this city. It is some time since a concerted movement for celebrating the great holiday has been made here.

Half a million talking machine records were destroyed in a Camden, N. J., fire the other day, but as long as the files of the Congressional Record are preserved there will be no alarming shortage in that line.

The Japanese are reported across the Yalu in the vicinity of Tchangdjiou and Siapoussikhe. There is no question about the courage of an army which will invade such places as those.

Carrie Nation is said to be earning \$300 a week in a dime museum, which is about \$299.70 more than she is worth outside.

The Odd Fellows have a record to be proud of, and it is no wonder their celebrations are earnest and enthusiastic.

Representative Dalzell makes it plain that Bourke Cockran is not an issue in the coming campaign.

Mrs. Wiggs, of the Cabbage Patch, evidently does not relish having greatness thrust upon her.

Wanted—A wine room ordinance that will hold water and nothing else.

Hearst is discovering that, although

“Just Now”

Drugs

Just now will be a good time to try our service. The spring overhauling will find you in need of drugs and we want to supply them. House cleaning will be easier if you use plenty of borax and ammonia. Results will be far more satisfactory if you follow the cleaning by a liberal use of insecticides and disinfectants. We have everything needed and all will be fresh, pure and reliable.

It will be a pleasure to give information or to quote prices.

Craig's, Drug Store.

money talks, it takes a lot of it to make a racket that is even faintly audible from one end of the country to the other.

Uncle Sam will now show the world what he knows about ditch digging.

The day of the summer car is apparently still distant.

Spring is averse to any pleasant surprises this year.

AT THE THEATER

The following criticism on Paul Gilmore was made in the State Journal, of Lincoln, Neb.: “The actors who forge to the front by legitimate means are not all dead yet. Fully nine-tenths of the stars of the present generation base their claims to fame on intrusion of personality. In other words, they ‘travel on their shape.’ Among the exceptions to this rule is Paul Gilmore. To prove that his popularity is a matter of legitimate growth, it is only necessary to point out the fact that when he first came to Lincoln he was entirely unknown and that from season to season the audiences to welcome him have steadily increased in size. Mr. Gilmore, moreover, is a man of culture, therefore receptive and not afraid to learn.

“Last evening at the Oliver he appeared in ‘The Mummy and the Humming Bird,’ a comedy-drama made known in the east by John Drew. Society problems of ancient vintage are skillfully worked over in the story. The mummy is a married man, too deeply absorbed in his hobby, some form of scientific research, to pay much attention to his young and attractive wife, who naturally misunderstands his attitude. The Humming Bird is a wily Italian count who would surround the lady with that wealth of affection she fails to receive at her husband's hands.

“At first blush this scheme would appear to be as old as that part of ancient history which relates the adventures of Joseph in Egypt. In King Solomon's time there was nothing new under the sun. Therefore themes are not now invented, but more or less cleverly worked over. That comedy is best which is not without touches of pathos. The play of last evening is full of the right kind of thrills, fairly evenly distributed throughout the four acts. That the villain is discomfited and leaves the scene in shame and confusion and that husband and wife fall into each other's arms with an explosive ‘darling,’ is mentioned here only to record the fact that the proprieties are observed. Virtue triumphs, while villainy gnashes its teeth and seeks

“A dangerous approach to the time honored introduction of a tramp in melodrama is had in the first act. An Italian organ grinder thirsting for revenge comes upon the scene, but makes good by falling in with the natural trend of the play.

“Paul Gilmore has now reached that stage in acting in which it is no longer a requirement to be conscious of and anxious as to the technique. His manner has always been graceful. It is now quite easy. He is hearing that most desirable of all qualities—repose. If a few unobtrusive mannerisms are still in evidence, they only serve to identify him. Sir Henry Irving is full of mannerisms, but none the less great. Mr. Gilmore readily evinces intensity of emotion without clashing the atmosphere or getting above his vocal range.”

Miss Alberta Gallatin will be seen at the Grand tomorrow night in “Ghosts,” possesses all of the above requirements. Her work shows great emotional power, perfect training and subtle skill. Her conception of the author's ideal is remarkable. Ibsen's “Ghosts” with Miss Gallatin will be the notable dramatic event of the year.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggist.

“Only the Best”

THE DAUGHTER OF PROF. RENO OF ELWOOD, IND.

RESTORED TO HEALTH BY VINOL.

Mrs. Reno's Letter and Advice to Mothers, Published By Request of Mr. Larkins.

Mrs. Reno says: “Our daughter Marion was troubled with indigestion; she became fretful, could not sleep at night, lost flesh, and we feared that we should lose her. We tried different doctors and many kinds of medicines, with no apparent success, until we tried Vinol. Two bottles cured our little daughter; she can eat anything, sleeps well and has gained flesh. We think it is the best medicine in the world for children. I advise every mother who has an ailing child to try Vinol. I know nothing equals it, and it tastes so good there is no trouble in getting children to take it.”

A reporter of the News Review asked Mr. Larkins, of this city, who is selling so much Vinol, regarding it. Mr. Larkins assured the writer that this is only one of a great many such cases that are constantly coming to his attention where Vinol has actual-

ly saved the lives of children when all else had failed.

“You know, of course,” said Mr. Larkins, “Vinol is not a patent medicine, and it contains all the medicinal curative elements of cod liver oil, without the nauseating oil; it is delicious to take, and will make rich, pure, red blood, sound flesh, and muscle tissue, and create health and strength more surely and quickly than anything we have ever sold in our store.

“In the strongest manner we unhesitatingly endorse and guarantee Vinol to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or will return to the purchaser every dollar paid for it. I just wish every mother in East Liverpool who has a sick, puny or ailing child would try Vinol on our guarantee.” Chas. T. Larkins, druggist.

new pastures.

“A dangerous approach to the time honored introduction of a tramp in melodrama is had in the first act. An Italian organ grinder thirsting for revenge comes upon the scene, but makes good by falling in with the natural trend of the play.

“Paul Gilmore has now reached that stage in acting in which it is no longer a requirement to be conscious of and anxious as to the technique. His manner has always been graceful. It is now quite easy. He is hearing that most desirable of all qualities—repose. If a few unobtrusive mannerisms are still in evidence, they only serve to identify him. DOG LICENSES WILL BE REQUIRED

Chester Council Enacts a Rigid Ordinance—A Measure to Prevent Firecracker Shooting.

As had been previously announced the Chester council took up the dog question at its meeting, and when the members were through with the ordinance it was binding enough to suit the most fastidious. All dogs will be licensed in the future, and a tag will be worn indicating to whom they belong. When captured without the necessary equipment they will be impounded and held for two days. At the end of that time they will be killed, provided the owner has not applied for their release. All dogs must be muzzled between July 1 and September 1. Any dog found running at large without a muzzle during that time will be shot on sight.

An ordinance was passed providing for a fine of from \$1 to \$20 for shooting within the corporation. The exploding of firecrackers and torpedoes are also included in the ordinance. Special provision is made for the Fourth of July and other occasions. The two ordinances were passed under suspension of the rules.

Ordinances establishing grade lines on a number of streets were also passed, and the report of Sergeant Rose was taken up. It showed that there was a balance from tax collections of about \$1,100. The amount will be applied to the payment of interest on the recent bond issue.

PONY DIED IN A PECULIAR MANNER

Eating Grass Near the Car Barn When It Started Coughing—and Soon Expired.

A pony belonging to Jack Tinson died yesterday in a very peculiar manner. Tinson had been accustomed to riding to his work at the car barn and while engaged during the day the pony was usually allowed to pick grass about the neighborhood. Yesterday the animal had picked out a grassy spot near the car barn, but had been engaged upon it but a few minutes when it began to cough. Its actions attracted the attention of those inside, and when they investigated, found the pony had choked to death. A careful investigation was at once instituted and it was discovered that the animal had attempted to swallow a large wad of waste. It is supposed the stuff got mixed with the grass, and he gulped it down without being aware of it. Some of Tinson's fellow workmen claim there was some goat blood in the pony.

TIME WILL BE SAVED

By a New Railroad Order Which Makes Chester Headquarters of Shifter Crew.

Beginning next Monday the crew of men who have charge of the shifter in Chester will lie over at this end of the road. The move was determined upon some time ago, and is thought to be a good one.

The traffic has been growing recently and the crew was unable to take care of the work in a satisfactory manner with their layover at New Cumberland. By the new arrangement the time it took to make the run from New Cumberland to Chester each morning can be devoted to the work of taking care of the business in the Chester yards. The town's population will be increased to the number of at least five families, all of whom are now hunting for vacant houses.

The Announced Candidate.

The News Review was stating facts when the statement was made yesterday that so far as any formal announcement had been made J. P. Bradley had no opposition in the north end of the county. Mr. Ingram was approached by a News Review representative several days ago with reference to his announcing. He said if the Tribune had announced him it had done so without his authority. The News Review's announcement column can be relied upon. The candidates therein announced are out for the offices. They have been seen and authority given for the use of their names. The News Review uses no “pickups.”

Will Wed Tonight.

Miss Lottie Burton, of Chester, and Charles Smith, of East Liverpool, will be married this evening by Rev. N. M. Crowe, pastor of the Second Presbyterian church of East Liverpool. Both are well known young people and have a large number of friends in Chester.

Death of August Elson.

Two Men Killed at Powder Mill. Hannibal, Mo., April 27.—An explosion in the gelatine house of the Producers Powder company's plant at La Motte, 22 miles south of here, killed two men and demolished the building.

A Great Sensation. There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: “I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure.” Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50 cents and \$1. Guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggists. Trial bottles free.

Wealthy Woman Dies in Sleep. Lexington, Ky., April 27.—An apparently wealthy woman whose name could not be obtained died in a berth in a Queen and Crescent sleeper. The woman's home was in Grand Rapids, Mich.

A Timely Suggestion. This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Alder.

The News Review is recognized as East Liverpool's leading newspaper as regards news service and advertising medium.

ence this 2d day of April, 1904.
J. S. HILBERT,
Notary Public.

WEDNESDAY, APRIL 27, 1904.

DISTRICT AND COUNTY TICKETS.
For Congress—James Kennedy.
For Judge of Circuit Court—Peter A.
Lauble.
For Common Pleas Judge—W. W. Hoie.
For Auditor—Glen A. Sheets.
For Commissioners—Eden Reeder.
For Inferior Director—George W. Arm-
strong.

The record of the legislature as a
whole is a most creditable one. Some
needed legislation has been over-
looked, but much that is bound to be
popular and beneficial has been enacted.
Incidentally, it may be remarked
that the Columbiana county legisla-
tors have distinguished themselves as
working members, showing at all times
a desire to carry out the wishes of
their constituents faithfully.

A publication which annually com-
piles the figures of the drink bill of
the United States finds that last year
this country paid the enormous sum
of \$1,451,633,379 for alcoholic drinks.
The alarming feature of this total is
that it shows an increase of \$150,000,
000 over the annual average for the
past five years. It is a per capita of
\$18.15 for every man, woman and child
in this country.

Salem is already talking about a
Fourth of July celebration. An ebu-
llition of patriotic enthusiasm is about
due in this city. It is some time since
a concerted movement for celebrating
the great holiday has been made here.

Half a million talking machine re-
cords were destroyed in a Camden,
N. J., fire the other day, but as long
as the files of the Congressional Rec-
ord are preserved there will be no alar-
ming shortage in that line.

The Japanese are reported across
the Yalu in the vicinity of Tchangdjiou
and Siapoussikho. There is no ques-
tion about the courage of an army
which will invade such places as those.

Carrie Nation is said to be earning
\$300 a week in a dime museum, which,
is about \$299.70 more than she is
worth outside.

The Odd Fellows have a record to
be proud of, and it is no wonder their
celebrations are earnest and enthusi-
astic.

Representative Dalzell makes it
plain that Bourke Cockran is not an
issue in the coming campaign.

Mrs. Wiggs, of the Cabbage Patch,
evidently does not relish having great-
ness thrust upon her.

Wanted—A wine room ordinance
that will hold water and nothing else

The day of the summer car is appar-
ently still distant.

Spring is averse to any pleasant sur-
prises this year.

AT THE THEATER

The following criticism on Paul Gil-
more was made in the State Journal
of Lincoln, Neb.: "The actors who
forge to the front by legitimate means
are not all dead yet. Fully nine-tenths
of the stars of the present generation
base their claims to fame on intrusion
of personality. In other words,
they 'travel on their shape.' Among
the exceptions to this rule is Paul
Gilmore. To prove that his popular-
ity is a matter of legitimate growth,
it is only necessary to point out the
fact that when he first came to Lin-
coln he was entirely unknown and
that from season to season the audi-
ence to welcome him have steadily
increased in size. Mr. Gilmore, more-
over, is a man of culture, therefore
receptive and not afraid to learn.

"Last evening at the Oliver he ap-
peared in 'The Mummy and the Hum-
ming Bird,' a comedy-drama made
known in the east by John Drew. So-
ciety problems of ancient vintage are
skillfully worked over in the story.
The mummy is a married man, some-
times absorbed in his hobby, some-
times of scientific research, to pay
much attention to his young and at-
tractive wife, who naturally misunder-
stands his attitude. The Humming
Bird is a wily Italian count who would
surround the lady with that wealth
of affection she fails to receive at her
husband's hands.

"At first blush this scheme would
appear to be as old as that part of
ancient history which relates the ad-
ventures of Joseph in Egypt. In King
Solomon's time there was nothing new
under the sun. Therefore themes are
not new invented, but more or less
cleverly worked over. That comedy
is best which is not without touches
of pathos. The play of last evening is
full of the right kind of thrills, fairly
evenly distributed throughout the four
acts. That the villain is discomfited
and leaves the scene in shame and con-
fusion and that husband and wife fall
into each other's arms with an explo-
sive 'darling,' is mentioned here only
to record the fact that the propriet-
ies are observed. Virtue triumphs, while
villainy gnashes its teeth and seeks

"The Best Soda in Town"

Ask anybody, man, woman or
child, who has the best soda in
town. They will tell you An-
derson's. Ask whose ice
cream is the best. You will get
the same answer. Look for
the most crowded fountain in
the city and you will find that
the sign above the door is

In the Diamond.
"Only the Best"

THE DAUGHTER OF PROF. RENO OF ELWOOD, IND.

RESTORED TO HEALTH BY VINOL.

Mrs. Reno's Letter and Advice to
Mothers, Published By Request
of Mr. Larkins.

Mrs. Reno says: "Our daughter
Marion was troubled with indigestion;
she became fretful, could not sleep at
night, lost flesh, and we feared that we
should lose her. We tried different
doctors and many kinds of medicines,
with no apparent success, until we
tried Vinol. Two bottles cured her
little daughter; she can eat anything,
sleeps well and has gained flesh. We
think it is the best medicine in the
world for children. I advise every
mother who has an ailing child to try
Vinol. I know nothing equals it, and
it tastes so good there is no trouble
in getting children to take it."

A reporter of the News Review
asked Mr. Larkins, of this city, who
is selling so much Vinol, regarding it.
Mr. Larkins assured the writer that
this is only one of a great many such
cases that are constantly coming to
his attention where Vinol has actual-

Marion Reno.

ly saved the lives of children when all
else had failed.

"You know, of course," said Mr.
Larkins, "Vinol is not a patent medi-
cine, and it contains all the medicinal
curative elements of cod liver oil, with-
out the nauseating oil; it is delicious
to take, and will make rich, pure, red
blood, sound flesh, and muscle tissue,
and create health and strength more
surely and quickly than anything we
have ever sold in our store.

"In the strongest manner we unhes-
itatingly endorse and guarantee Vinol
to increase the appetite, cure stomach
troubles, give strength and renewed
vitality to the aged, build up the run-
down, tired and debilitated, make the
weak strong, cure chronic coughs,
colds and build up the convalescent,
or will return to the purchaser every
dollar paid for it. I just wish every
mother in East Liverpool who has a
sick, puny or ailing child would try
Vinol on our guarantee." Chas. T.
Larkins, druggist.

new pastures.

"A dangerous approach to the time
honored introduction of a tramp in
melodrama is had in the first act. An
Italian organ grinder thirsting for re-
venge comes upon the scene, but
makes good by falling in with the nat-
ural trend of the play.

"Paul Gilmore has now reached that
stage in acting in which it is no longer
a requirement to be conscious of and
anxious as to the technique. His man-
ner has always been graceful. It is
now quite easy. He is nearing that
most desirable of all qualities—repose.
If a few unobtrusive mannerisms are
still in evidence, they only serve to
identify him. Sir Henry Irving is full
of mannerisms, but none the less
great. Mr. Gilmore readily evinces
intensity of emotion without clashing
the atmosphere or getting above his
vocal range."

Miss Alberta Gallatin will be seen
at the Grand tomorrow night in
"Ghosts," possesses all of the above
requirements. Her work shows great
emotional power, perfect training and
subtle skill. Her conception of the
author's ideal is remarkable. Isen's
"Ghosts" with Miss Gallatin will be
the notable dramatic event of the
year.

Makes a Clean Sweep.
There's nothing like doing a thing
thoroughly. Of all the salves you ever
heard of, Bucklen's Arnica Salve is the
best. It sweeps away and cures burns,
sores, bruises, cuts, boils, ulcers, skin
eruptions and piles. It's only 25c, and
guaranteed by Will Reed, Charles T.
Larkins, C. G. Anderson, J. D. Hollo-
way, druggist.

pleased to show the premises. 97-1f.

SOUTH SIDE DOG LICENSES WILL BE REQUIRED

Chester Council Enacts a Rigid Ordi-
nance—A Measure to Prevent
Firecracker Shooting.

As had been previously announced
the Chester council took up the dog
question at its meeting, and when the
members were through with the ordi-
nance it was binding enough to suit
the most fastidious. All dogs will be
licensed in the future, and a tag will
be worn indicating to whom they be-
long. When captured without the nec-
essary equipment they will be em-
pounded and held for two days. At the
end of that time they will be killed,
provided the owner has not applied for
their release. All dogs must be muzz-
led between July 1 and September 1.
Any dog found running at large with-
out a muzzle during that time will be
shot on sight.

An ordinance was passed providing
for a fine of from \$1 to \$20 for shoot-
ing within the corporation. The ex-
ploding of firecrackers and torpedoes
are also included in the ordinance. Spe-
cial provision is made for the Fourth
of July and other occasions. The two
ordinances were passed under suspen-
sion of the rules.

Ordinances establishing grade lines
on a number of streets were also pass-
ed, and the report of Sergeant Rose
was taken up. It showed that there
was a balance from tax collections of
about \$1,100. The amount will be ap-
plied to the payment of interest on the
recent bond issue.

PONY DIED IN A PECULIAR MANNER

Eating Grass Near the Car Barn When
It Started Coughing—and
Soon Expired.

A pony belonging to Jack Tinson
died yesterday in a very peculiar man-
ner. Tinson had been accustomed to
riding to his work at the car barn
and while engaged during the day the
pony was usually allowed to pick grass
about the neighborhood. Yesterday
the animal had picked out a grassy
spot near the car barn, but had been
engaged upon it but a few minutes
when it began to cough. Its actions
attracted the attention of those in-
side, and when they investigated,
found the pony had choked to death.
A careful investigation was at once
instituted and it was discovered that
the animal had attempted to swallow
a large wad of waste. It is supposed
the stuff got mixed with the grass,
and he gulped it down without being
aware of it. Some of Tinson's fellow
workmen claim there was some goat
blood in the pony.

TIME WILL BE SAVED

By a New Railroad Order Which
Makes Chester Headquarters of
Shifter Crew.

Beginning next Monday the crew of
men who have charge of the shifter in
Chester will lie over at this end of the
road. The move was determined upon
some time ago, and is thought to be a
good one.

The traffic has been growing recent-
ly and the crew was unable to take
care of the work in a satisfactory man-
ner with their layover at New Cum-
berland. By the new arrangement the
time it took to make the run from
New Cumberland to Chester each
morning can be devoted to the work
of taking care of the business in the
Chester yards. The town's population
will be increased to the number of at
least five families, all of whom are
now hunting for vacant houses.

The Announced Candidate.

The News Review was stating facts
when the statement was made yester-
day that so far as any formal an-
nouncement had been made J. P. Brad-
ley had no opposition in the north end
of the county. Mr. Ingram was ap-
proached by a News Review represen-
tative several days ago with reference
to his announcing. He said if the
Tribune had announced him it had
done so without his authority. The
News Review's announcement column
can be relied upon. The candidates
therein announced are out for the of-
fices. They have been seen and autho-
rity given for the use of their names.
The News Review uses no "pickups."

Will Wed Tonight.
Miss Lottie Burton, of Chester, and
Charles Smith, of East Liverpool, will
be married this evening by Rev. N. M.
Crowe, pastor of the Second Presby-
terian church of East Liverpool. Both
are well known young people and have
a large number of friends in Chester.

Death of August Elson.
Word was received in Chester yester-
day of the death of Augustus Elson,
at his home in Magnolia, O. Mr. Elson
was a relative of all the Baxter fami-
lies in Hancock county and many of

LOOK!
For the Sign of the

CHESTER BRIEFS.
Mrs. E. C. Baxter has returned from
Penrith, where she attended the fun-
eral of a relative.
Earl, the little son of Mr. and Mrs.
John Cunningham, of the Fairview
road, is seriously ill.

Edward C. Baxter left yesterday for
Wellsburg, where he will spend sev-
eral days on business.
Miss Lotta Sutherland has returned
to her home at Pittsburgh after a visit
with relatives in Chester.
An important cabinet meeting of the
Epworth League of the Chester M. E.
church will be held after prayer meet-
ing tonight.

The regular business meeting of
the Ladies' Missionary society of the
Presbyterian church will be held at
the home of Mrs. Charles Brandon to-
morrow afternoon.

Snit has been entered in the court
of Justice W. C. Johnston by S. O.
Fulmer against George Fotts. The
claim is for \$15 and is alleged to be
due for board. A hearing will be had
May 2 at 1 p. m.

Miss Ora McCarrell, of Hickory, Pa.,
is the guest of her sister, Mrs. Rev.
J. W. Dunbar, on Carolina avenue.
Miss McCarrell is a daughter of Dr.
James McCarrell, who was once a
resident of this part of the state.
George Haun, an insurance man of
New Cumberland, arrived in Chester
this morning, and will spend several
days here on business.

Diphtheria, sore throat, croup.
Instant relief, permanent cure. Dr.
Thomas' Electric Oil. At any drug
store.

Two Men Killed at Powder Mill.
Hannibal, Mo., April 27.—An explo-
sion in the gelatine house of the Pro-
ducers Powder company's plant at La-
motte, 22 miles south of here, killed
two men and demolished the building.

A Great Sensation.
There was a big sensation in Lees-
ville, Ind., when W. H. Brown, of that
place, who was expected to die, had
his life saved by Dr. King's New Dis-
covery for Consumption. He writes:
"I endured insufferable agonies from
asthma, but your New Discovery gave
me immediate relief and soon there-
after effected a complete cure." Simi-
lar cures of consumption, pneumonia,
bronchitis and grip are numerous. It's
the peerless remedy for all throat and
lung troubles. Price 50 cents and \$1.
Guaranteed by Will Reed, Charles T.
Larkins, C. G. Anderson, J. D. Hollo-
way, druggists. Trial bottles free.

WELLSVILLE AND VICINITY

Continued from First Page.

TELLS NAMES OF ALL THE CITY OFFICERS

Board of Health Issues Manual in Which Many Facts Concerning City Affairs Are Told.

There was issued yesterday by the Wellsville board of health a neat pamphlet in which all about the city affairs is told. The rules and regulations of the board of health are first given in the book, and this is followed by a classified list of all the city officers, and the various positions they occupy. However, in giving the names of the officers and positions of the board of health, no officer or person is listed who holds the position of sanitary police.

The personnel of city officers starts with those persons directed mainly in the operating of the affairs of the city, and is headed by Mayor W. L. Fogo. Then follows a list of the members of council, and the wards from which they were elected. Council committees are next, and these are followed by the names of the members of the police force, headed by Chief F. D. Houser. The fire department follows, and then comes the list of members of the board of health. Then follows the makeup of these boards in the order named: Board of Sinking Fund Trustees, Board of Review, Board of Public Safety, Board of Public Service, Board of Education, Justices of the Peace, Constables and Trust Officers.

WIFE HAS LEFT HIM

And the Husband Believes She Has Gone With An Italian.

"My wife has left me and our home, and I believe she has gone away with an Italian. I think she is in the vicinity of Cleveland," said Frank Maple, a prominent resident of Hammondsville, who was in Wellsville yesterday. What was once a happy home is not so now, and an order for divorce may soon follow.

Two weeks ago he says he saw things were not going right at his home and helped his wife to pack up and leave. The husband says that he has reason to believe an Italian has gone with her. He has published a notice that he will not be responsible for her debts.

People don't like men and women, who go about with a long, sober face—always telling their troubles; make yourself bright, cheerful and sunny with Hollister's Rocky Mountain Tea. 35 cents. C. F. Craig.

Concert and Dance.

One of the most pleasant concerts ever given in Wellsville was that given

TIME TO LOOK THEM UP!

Before they overrun you and your house. Why be "pestered," annoyed, disgusted or "eaten up" by bedbugs, cockroaches, water bugs or any other kind of vermin when a remedy is at hand right here at such trifling cost? Obnoxious insect life may soon be disposed of if you will but get a package or bottle of the appropriate exterminator from us. It's a good thing to take this matter up right now.

Hodson's Drug Store

KNOWS MI-O-NA WILL CURE

Will Reed Has Such Faith in This Great Dyspepsia Remedy That He Guarantees It.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way Will Reed, the popular druggist, is selling Mi-o-na, the standard dyspepsia remedy.

Never before has he had so large a number of customers tell him that a medicine has cured as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.

There is no longer any need of any one suffering or making their friends suffer on account of dyspepsia, for Mi-o-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent that there is little risk to Will Reed in guaranteeing to return the money if the medicine does not cure, and he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are cured by Mi-o-na, price 50c. A few days' treatment shows considerable gain in health and a cure speedily follows.

These days are the best in the whole year for the enjoyment of good health. And Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.

ordinance Mr. Barlow moved that the solicitor be instructed to prepare an ordinance changing the amount of the bond from \$60,000 to \$20,000. This ordinance will be introduced at the next meeting of the body.

'MEET ME AT THE INSIDE INN'

Never Before Did a Great World's Fair Have a Big Hotel Inside the Grounds.

Rates Within the Means of All.

"Meet me at the Inside Inn." That will be the expression most frequently heard at the Louisiana Purchase Exposition. This hotel is an immense structure, 400 feet wide and 800 feet long, with 2,257 sleeping rooms, and a dining room seating 2,500 persons. The hotel is inside the Exposition grounds, and operated under the supervision of the Exposition management. It is well appointed and furnished in modern, up-to-date style and will be the center of social affairs in the way of dinners and family reunions inside the grounds.

This hotel is in the southeast portion of the grounds, not far from the Plateau of States, and to the north a short distance are the famous Cascade Gardens, Festival hall and Colonnade of States, which form a part of the main picture of the Exposition. Street railroads running by the door go direct to the Union Railway Station down town, and the Intramural road, inside the grounds, carries guests from the hotel entrance to all points of interest. Here is a cool retreat, where persons can find rest, enjoyment and quietude away from the noise and crush of the crowds along the avenues of the Exposition grounds. Sightseeing at a large exposition is the most tiresome pleasure, because the mind is busily engaged and finds diversion by constantly changing scenes, while the body is becoming weary and the visitor does not realize how tired he is until he stops to rest. The place to rest is the Inside Inn. The hotel rates cover the daily admission fee to the grounds, and the registered guest at this hotel is free from the annoyance of pushing through the crowds at the gates. There are 500 rooms at \$1.50 per person, 500 at \$2.00, 500 at \$2.50.

The Inside Inn will long be remembered as a distinctive feature of the largest Universal Fair ever held in the world—a Fair representing a total cost of \$50,000,000, and as large in size as the Columbian, the Pan American and the Paris Fairs combined.

SOCIAL EVENTS

Ladies' Guild Social.

The social given last evening by the Ladies' Guild of St. Stephen's church was well attended and was quite a success. The parish house was opened for the social and the evening was spent in a most enjoyable manner. A musical program added much interest to the social. Charles Heath and Mrs. Peake sang several vocal solos, which were much appreciated. The guild is one of the most prominent and enthusiastic organizations of St. Stephen's church.

Young People's Social.

The Young People's union of the First Baptist church will hold a social tomorrow evening. All the young people of this church are greatly interested in this entertainment, which will be given for the purpose of promoting good will and fellowship and enabling the members to become more fully acquainted. A program of a literary and musical nature is being arranged. Light refreshments will be served.

The Elks' Dance.

The dance given last evening by the Elks was a grand finale to the series of pleasant social functions given by the organization during the season. A large number of the members and their lady friends were present to enjoy the last hop of the season. The Elks lodge has been a leading spirit in the social circles of the city for a number of years.

Reception to Pastor.

The members of the First Presbyterian church are deeply interested in present in completing arrangements for the reception to be given Rev. and Mrs. Edwin McMillin on Thursday evening. Although the reception will be of an informal nature it will be one of the interesting events of the week.

Chautauqua Circle.

The Chautauqua circle will hold its regular meeting on Friday evening.

CHANGED HIS PLEA TO ONE OF GUILTY

Fred Johnson, Accused of Larceny, Gets a Fine of \$25 And Costs.

Lisbon, April 27.—(Special).—Fred Johnson, a jail prisoner, who pleaded not guilty to a charge of larceny lately, in court this morning changed his plea to guilty. A fine of \$25 and costs was imposed, the prisoner, who has been in jail for some days, to stand committed until fine and costs are paid.

The boy is 17. He was not represented by counsel and Prosecuting Attorney McGarry set forth mitigating circumstances. Johnson's parents are dead and the lad decided to make his own living. About a year ago he left the home of an uncle near Columbus, where he had been staying. He secured employment at Wellsville in Charles Gallagher's restaurant. He performed his duties well until he disagreed with the proprietor and left. To get even with Gallagher for scolding him he took a \$13 overcoat, a \$4 pair of trousers and about \$3 in money. He was arrested when about to take a train for Columbus. Judge Hole gave the boy some good advice.

OBITUARY

Mrs. Theresa Runyan.

Lisbon, April 27.—(Special).—Mrs. Theresa Runyan died at her home in this city shortly before noon today at the age of 73. The body will be taken to her former home at Carrollton tomorrow for burial.

Card of Thanks.

I desire to express my sincere thanks to the many kind friends and neighbors for their aid and sympathy during the illness and death of my wife. I am especially grateful to Rev. J. W. Gorrell and the commander of the local branch of the Salvation Army.

100-h CALVIN WEST.

FINE RANGE AWARDED

The steel range given by the Kenton Baking Powder company through the sales of their goods by the American Cash Grocery of this city is awarded to No. 183,629. The sealed envelope containing the above number which takes the range was opened on Monday morning last by three traveling salesmen, who were not identified with the Kenton Baking Powder company. The person holding the winning number please call at the American Cash Grocery and receive the award.

TELLS NAMES OF ALL THE CITY OFFICERS

Board of Health Issues Manual in Which Many Facts Concerning City Affairs Are Told.

There was issued yesterday by the Wellsville board of health a neat pamphlet in which all about the city affairs is told. The rules and regulations of the board of health are first given in the book, and this is followed by a classified list of all the city officers, and the various positions they occupy. However, in giving the names of the officers and positions of the board of health, no officer or person is listed who holds the position of sanitary police.

The personnel of city officers starts with those persons directed mainly in the operating of the affairs of the city, and is headed by Mayor W. L. Fogo. Then follows a list of the members of council, and the wards from which they were elected. Council committees are next, and these are followed by the names of the members of the police force, headed by Chief F. D. Houser. The fire department follows, and then comes the list of members of the board of health. Then follows the makeup of these boards in the order named: Board of Sinking Fund Trustees, Board of Water Works Trustees, Board of Review, Board of Public Safety, Board of Public Service, Board of Education, Justices of the Peace, Constables and Truant Officers.

WIFE HAS LEFT HIM

And the Husband Believes She Has Gone With An Italian.

"My wife has left me and our home, and I believe she has gone away with an Italian. I think she is in the vicinity of Cleveland," said Frank Maple, a prominent resident of Hammondsville, who was in Wellsville yesterday. What was once a happy home is not so now, and an order for divorce may soon follow.

Two weeks ago he says he saw things were not going right at his home and helped his wife to pack up and leave. The husband says that he has reason to believe an Italian has gone with her. He has published a notice that he will not be responsible for her debts.

People don't like men and women, who go about with a long, sober face—always telling their troubles; make yourself bright, cheerful and sunny with Hollister's Rocky Mountain Tea. 35 cents. C. F. Craig.

Concert and Dance. One of the most pleasant concerts ever given in Wellsville was that given

TIME TO LOOK THEM UP!

before they overrun you and your house. Why be "pestered," annoyed, disgusted or "eaten up" by bedbugs, cockroaches, water bugs or any other kind of vermin when a remedy is at hand right here at such trifling cost? Obnoxious insect life may soon be disposed of if you will but get a package or bottle of the appropriate exterminator from us. It's a good thing to take this matter up right now.

Hodson's Drug Store

ROBERT CARCO DEAD

Well Known Ball Player Passed Away at Atlanta, Ga.

A telegram was received here this afternoon from Atlanta, Ga., to the effect that Robert Carco, the well known baseball player, formerly of this city, is dead. The body will be shipped to Pittsburgh for burial.

Carco was known by nearly every one here and has a number of relatives living in this vicinity.

FRIENDS AND VISITORS

Mrs. J. H. Thompson has returned from a short visit at Sebring.

Miss Alice Barrows, of Sixth street, has recovered from a recent illness.

George Kyle, who has been visiting at Parkersburg, arrived home yesterday.

Mrs. David S. Jackson has returned to her home at Toronto after a visit in this city.

James Hague, Jr., of the West End, is suffering from a severe attack of rheumatism.

Miss Minnie Culp, of Wellsville, is a guest at the home of her sister, Mrs. H. D. Arnold, in this city.

Miss Lydia Wolf, of Pleasant Heights, is confined to her home suffering from a threatened attack of fever.

Orville Sebring, a student at Cambridge, arrived in the city yesterday for a brief visit with relatives. Mr. Sebring will graduate this year.

Mrs. James Duffy, of Coshocton, who has been visiting relatives in this city, left today for Pittsburgh. She expects to return here for a brief stay before going to her home.

Miss Genevieve Hannon and her brother Shirley, who have been visiting at Pittsburgh, are expected to arrive in the city this evening. They will be guests of their cousin, Harold King, of Bradshaw avenue.

Earl Clark has returned to the city after spending four months with the Bond Institute of New York city. He is a graduate of that institution and will accept a position in Chicago next week, with a large firm on Fifth avenue.

Jesse Pelly, residing in the West End, who was seriously injured by being hit with a hammer that had caught in a drill at the Wellsville rolling mill a few days ago, has suffered a relapse. Mr. Pelly was laid up for a few days and it is presumed he got out too soon. It is now feared he may have sustained internal injuries.

TREASURER'S BOND MAY BE CUT TO \$20,000

It is Now Three Times as Large. Reason for Proposed Reduction.

At the meeting of council last evening it was virtually decided upon to reduce the bond of City Treasurer Christ Horton from \$60,000 to \$20,000. While this may appear to be a large reduction, it is considered that the amount is sufficient.

At the time the amount of the bonds for the different officials of the city was decided on the council failed to recognize the fact that under the action of the new code the moneys of the sinking fund went direct to the fund commission, whereas heretofore they had been in the custody of the treasurer. As it is now, it is the sinking fund commission that should give the larger bond, as it practically has charge of all the available funds of the city.

The cost of maintaining a bond of \$60,000 is considerable and Treasurer Horton has appealed to the council for a reduction. As the bond is fixed by

KNOWS MI-O-NA WILL CURE

Will Reed Has Such Faith in This Great Dyspepsia Remedy That He Guarantees It.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way Will Reed, the popular druggist, is selling Mi-o-na, the standard dyspepsia remedy.

Never before has he had so large a number of customers tell him that a medicine has cured as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.

There is no longer any need of any one suffering or making their friends suffer on account of dyspepsia, for Mi-o-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent that there is little risk to Will Reed in guaranteeing to return the money if the medicine does not cure, and he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are cured by Mi-o-na, price 50c. A few days' treatment shows considerable gain in health and a cure speedily follows.

These days are the best in the whole year for the enjoyment of good health. And Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.

ordinance Mr. Barlow moved that the solicitor be instructed to prepare an ordinance changing the amount of the bond from \$60,000 to \$20,000. This ordinance will be introduced at the next meeting of the body.

'MEET ME AT THE INSIDE INN'

Never Before Did a Great World's Fair Have a Big Hotel Inside the Grounds.

Rates Within the Means of All.

"Meet me at the Inside Inn." That will be the expression most frequently heard at the Louisiana Purchase Exposition. This hotel is an immense structure, 400 feet wide and 800 feet long, with 2,257 sleeping rooms, and a dining room seating 2,500 persons. The hotel is inside the Exposition grounds, and operated under the supervision of the Exposition management. It is well appointed and furnished in modern, up-to-date style and will be the center of social affairs in the way of dinners and family reunions inside the grounds.

This hotel is in the southeast portion of the grounds, not far from the Plateau of States, and to the north a short distance are the famous Cascade Gardens, Festival hall and Colonnade of States, which form a part of the main picture of the Exposition. Street railroads running by the door go direct to the Union Railway Station down town, and the Intramural road, inside the grounds, carries guests from the hotel entrance to all points of interest. Here is a cool retreat, where persons can find rest, enjoyment and quietude away from the noise and crush of the crowds along the avenues of the Exposition grounds. Sightseeing at a large exposition is the most tiresome pleasure, because the mind is busily engaged and finds diversion by constantly changing scenes, while the body is becoming weary and the visitor does not realize how tired he is until he stops to rest. The place to rest is the Inside Inn. The hotel rates cover the daily admission fee to the grounds, and the registered guest at this hotel is free from the annoyance of pushing through the crowds at the gates. There are 500 rooms at \$1.50 per person, 500 at \$2.00, 500 at \$2.50.

The Inside Inn will long be remembered as a distinctive feature of the largest Universal Fair ever held in the world—a Fair representing a total cost of \$50,000,000, and as large in size as the Columbian, the Pan-American and the Paris Fairs combined.

SOCIAL EVENTS

Ladies' Guild Social.

The social given last evening by the Ladies' Guild of St. Stephen's church was well attended and was quite a success. The parish house was opened for the social and the evening was spent in a most enjoyable manner. A musical program added much interest to the social. Charles Heath and Mrs. Peake sang several vocal solos, which were much appreciated. The guild is one of the most prominent and enthusiastic organizations of St. Stephen's church.

Young People's Social.

The Young People's union of the First Baptist church will hold a social tomorrow evening. All the young people of this church are greatly interested in this entertainment, which will be given for the purpose of promoting good will and fellowship and enabling the members to become more fully acquainted. A program of a literary and musical nature is being arranged. Light refreshments will be served.

The Elks' Dance.

The dance given last evening by the Elks was a grand finale to the series of pleasant social functions given by the organization during the season. A large number of the members and their lady friends were present to enjoy the last hop of the season. The Elks lodge has been a leading spirit in the social circles of the city for a number of years.

Reception to Pastor.

The members of the First Presbyterian church are deeply interested in present in completing arrangements for the reception to be given Rev. and Mrs. Edwin McMillin on Thursday evening. Although the reception will be of an informal nature it will be one of the interesting events of the week.

Chautauqua Circle.

The Chautauqua circle will hold its regular meeting on Friday evening.

CHANGED HIS PLEA TO ONE OF GUILTY

Fred Johnson, Accused of Larceny, Gets a Fine of \$25 And Costs.

Lisbon, April 27.—(Special.)—Fred Johnson, a jail prisoner, who pleaded not guilty to a charge of larceny lately, in court this morning changed his plea to guilty. A fine of \$25 and costs was imposed, the prisoner, who has been in jail for some days, to stand committed until fine and costs are paid.

The boy is 17. He was not represented by counsel and Prosecuting Attorney McGarry set forth mitigating circumstances. Johnson's parents are dead and the lad decided to make his own living. About a year ago he left the home of an uncle near Columbus, where he had been staying. He secured employment at Wellsville in Charles Gallagher's restaurant. He performed his duties well until he disagreed with the proprietor and left. To get even with Gallagher for scolding him he took a \$13 overcoat, a \$4 pair of trousers and about \$3 in money. He was arrested when about to take a train for Columbus. Judge Hole gave the boy some good advice.

OBITUARY

Mrs. Theresa Runyan.

Lisbon, April 27.—(Special.)—Mrs. Theresa Runyan died at her home in this city shortly before noon today at the age of 73. The body will be taken to her former home at Carrollton tomorrow for burial.

REALM OF SPORTS

RECOLLECTIONS OF CURT WELCH

CHRIS VON DER AHE SPOKE FEELINGLY OF GREAT PLAYER.

Was a Dare Devil Player And Never
Lost an Opportunity to Help His
Team to Win.

The Cincinnati Enquirer in its issue last Sunday contained an interesting article on the famous St. Louis Browns of 1886, accompanied by pictures of the players, among them Curt Welch, whose home was in this city. The article contained reminiscences of the famous Chris von der Ahe, owner and manager of the team, and the most peculiar figure ever produced among the base ball magnates. Curt Welch was the greatest middle fielder the game ever knew and he will be remembered as long as base ball is played. Von der Ahe says of him:

One man on the four-time winners that I liked particularly was Curt Welch, our crack center fielder. He was the dare-devil of the team. No chance was too great for him to take if he thought it improved the opportunity of the Browns to win. He was continually allowing the ball to hit him in order to get on base when a run was needed. He'd let the ball hit him on the head if the occasion demanded. I frequently cautioned him against taking such desperate chances, but he would only say:

"If I get killed, you'll have to take care of the family."

As a matter of fact at that time Curt had compelled me to take care of his family in a way. I was compelled to fine him frequently. He was such a good fellow, too, that I hated to take the money away from his wife and children, so I hit upon the scheme of giving the money I took out of his salary in fines to Mrs. Welch. I told her to say nothing about it and she didn't. After I had been doing this for a few months Welch "got next."

"Say, Commie," Curt said to Comiskey one day, "the boss is pretty slick, ain't he? Here I've been making less money than ever and my wife has more things about the house than she had when I was giving her plenty. I believe he's paying my fines to her."

Curt guessed right, but I didn't change the system.

It was a favorite trick in those days to steal the best bats of the other side, or rather hide them until the game was over. Latham was fined \$10 for stealing a bat at Philadelphia, and Welch \$25 for the same thing at Cincinnati.

Welch got a bat belonging to "Long John" Reilly, the famous slugging first baseman of the Reds, and pushed it into a hole in the grand stand. Reilly missed the bat and the umpire stopped the game until it was found. When they found it they couldn't get it out, and all the satisfaction Reilly could get was to see Welch fined.

FIRST GAMES AMONG TWO MEN TEAMS

Pirates Took Three Out of Four from the Japs at Imperial Alleys Last Night.

For the summer holiday season a league of two-men teams has been organized at the Imperial alleys. The Japs team is captained by Otto Powell and Earl Brunt is the other member. The Pirates team is composed of Jack Williams captain and Rus Crable.

The first games were played last night and the Pirates won three out of four. Crable bowled the high score of 214. The individual records follow:

Japs—Otto Powell, 166, 159, 160, 168; Earl Brunt, 142, 167, 144, 129; totals, 308, 326, 304, 297.

Pirates—Jack Williams, 159, 161, 167, 158; Rus Crable, 153, 125, 145, 214; totals, 312, 286, 312, 372.

Jefferson Street Stars.

The Jefferson street Stars have organized and want games with the 12-year-old teams of the city. The players are Leigh, catcher; Adams, pitcher; McNeil, first base; Anderson, second base; Keffer, third base; Shea, short stop; Herme, left field; Czech, center field, and Williams, right field.

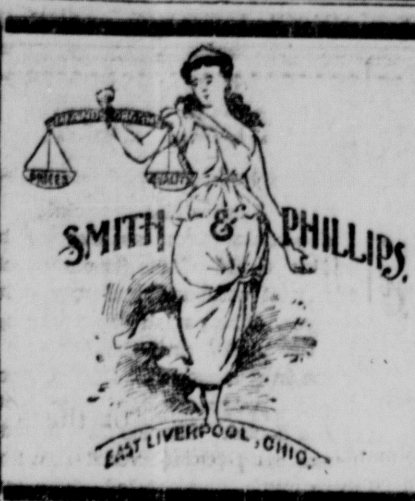

SPORTING MISCELLANY.

Columbiana expects to have a strong ball team this year.

The Sharon dog show will open tomorrow. There are 365 entries, \$200 in cash prizes and 20 special prizes.

The death is announced of the famous American stallion, Foxhall, at Lord Roseberry's stud farm near London.

James J. Corbett denies that he has quit the ring. He is willing to engage in any match likely to prove a paying proposition.

ORDINANCE 785

An Ordinance Granting to M. F. Davis Company the Right to Lay and Use a Railroad Switch Across Walnut Street.

Be it ordained by the Council of the city of East Liverpool, Ohio:

Section 1. M. F. Davis Company, their successors and assigns are hereby granted the right to lay and use a railroad switch over and across Walnut street in said city, upon the following conditions, to-wit:

First. To locate said switch on said street at such place as shall be designated by the city engineer under direction of council.

Second. To hold said city harmless from any and all damages which may arise either in the construction or from use of said switch.

Third. To defray all expenses necessary for the location of said switch and for the publication of this ordinance.

Fourth. To provide sufficient and proper sewers for the disposition of the surface water flowing to said switch, and to connect said sewers with the storm water on Tanyard Run, under the direction of the board of public service and city engineer.

Fifth. To have and keep in repair the street and sidewalk between the rails of and for two feet on the outside of each rail of said switch, free of cost to said city.

Sixth. To accept this ordinance with its terms and conditions within ten days of its passage.

Section 2. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 19th day of April, 1904.
JOHN HORWELL,
President of Council.

Attest: WILLIS DAVIDSON,
Clerk.

ORDINANCE NO. 784

Granting to the Newell Bridge Company Right to Construct Its Bridge Over Fourth Street, West Street and Water Street.

Be it ordained by the Council of the City of East Liverpool, Ohio:

Section 1. That the Newell Bridge company, its successors and assigns, is hereby granted the right to construct, erect and maintain a bridge, together with the necessary piers, supports, anchors and abutments from of number 363, as distinguished on the recorded plat of said city, on, over and across Fourth street, West street and Water street in said city. Provided that the same shall be constructed in such a manner, and at such height as not to interfere with travel, passing on, over or along the said streets.

Section 2. Said company shall complete said bridge and have it open for traffic within two years from the date of the passage of this ordinance, and pay for the publication of this ordinance.

Section 3. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 19th day of April, 1904.
JOHN HORWELL,
President of Council.

Attest: WILLIS DAVIDSON,
Clerk.

REALM OF SPORTS

RECOLLECTIONS OF CURT WELCH

CHRIS VON DER AHE SPOKE FEELINGLY OF GREAT PLAYER.

Was a Dare Devil Player And Never Lost an Opportunity to Help His Team to Win.

The Cincinnati Enquirer in its issue last Sunday contained an interesting article on the famous St. Louis Browns of 1886, accompanied by pictures of the players, among them Curt Welch, whose home was in this city. The article contained reminiscences of the famous Chris von der Ahe, owner and manager of the team, and the most peculiar figure ever produced among the base ball magnates. Curt Welch was the greatest middle fielder the game ever knew and he will be remembered as long as base ball is played. Von der Ahe says of him:

One man on the four-time winners that I liked particularly was Curt Welch, our crack center fielder. He was the dare-devil of the team. No chance was too great for him to take if he thought it improved the opportunity of the Browns to win. He was continually allowing the ball to hit him in order to get on base when a run was needed. He'd let the ball hit him on the head if the occasion demanded. I frequently cautioned him against taking such desperate chances, but he would only say:

"If I get killed, you'll have to take care of the family."

As a matter of fact at that time Curt had compelled me to take care of his family in a way. I was compelled to fine him frequently. He was such a good fellow, too, that I hated to take the money away from his wife and children, so I hit upon the scheme of giving the money I took out of his salary in fines to Mrs. Welch. I told her to say nothing about it and she didn't. After I had been doing this for a few months Welch "got next."

"Say, Commie," Curt said to Comiskey one day, "the boss is pretty slick, ain't he? Here I've been making less money than ever and my wife has more things about the house than she had when I was giving her plenty. I believe he's paying my fines to her."

Curt guessed right, but I didn't change the system.

It was a favorite trick in those days to steal the best bats of the other side, or rather hide them until the game was over. Latham was fined \$10 for stealing a bat at Philadelphia, and Welch \$25 for the same thing at Cincinnati.

Welch got a bat belonging to "Long John" Reilly, the famous slugging first baseman of the Reds, and pushed it into a hole in the grand stand. Reilly missed the bat and the umpire stopped the game until it was found. When they found it they couldn't get it out, and all the satisfaction Reilly could get was to see Welch fined.

FIRST GAMES AMONG TWO MEN TEAMS

Pirates Took Three Out of Four from the Japs at Imperial Alleys Last Night.

For the summer bowling season a league of two-men teams has been organized at the Imperial alleys. The Japs team is captained by Otto Powell and Earl Brunt is the other member. The Pirates team is composed of Jack Williams captain and Rus Crable.

The first games were played last night and the Pirates won three out of four. Crable bowled the high score of 214. The individual records follow:

Japs—Otto Powell, 166, 159, 160, 168; Earl Brunt, 142, 167, 144, 129; totals, 308, 326, 304, 297.

Pirates—Jack Williams, 159, 161, 167, 158; Rus Crable, 153, 125, 145, 214; totals, 312, 286, 312, 372.

Jefferson Street Stars.

The Jefferson street Stars have organized and want games with the 12-year-old teams of the city. The players are Leigh, catcher; Adams, pitcher; McNicol, first base; Anderson, second base; Keffer, third base; Shea, short stop; Herme, left field; Czech, center field, and Williams, right field.

SPORTING MISCELLANY.

Columbiana expects to have a strong ball team this year.

The Sharon dog show will open tomorrow. There are 365 entries, \$200 in cash prizes and 20 special prizes.

The death is announced of the famous American stallion, Foxhall, at Lord Roseberry's stud farm near London.

James J. Corbett denies that he has quit the ring. He is willing to engage in any match likely to prove a paying proposition.

LEGAL.

ORDINANCE 785

An Ordinance Granting to M. F. Davis Company the Right to Lay and Use a Railroad Switch Across Walnut Street.

Be it ordained by the Council of the city of East Liverpool, Ohio:

Section 1. That M. F. Davis Company, their successors and assigns are hereby granted the right to lay and use a railroad switch over and across Walnut street in said city, upon the following conditions, to-wit:

First. To locate said switch on said street at such place as shall be designated by the city engineer under direction of council.

Second. To hold said city harmless from any and all damages which may arise either in the construction or from use of said switch.

Third. To defray all expenses necessary for the location of said switch and for the publication of this ordinance.

Fourth. To provide sufficient and proper sewers for the disposition of the surface water flowing to said switch and to connect said sewers with the storm water on Tanyard Run, under the direction of the board of public service and city engineer.

Fifth. To have and keep in repair the street and sidewalk between the rails of said switch and for two feet on each side of said switch, free of cost to said city.

Sixth. To accept this ordinance with its terms and conditions within ten days of its passage.

Section 2. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 19th day of April, 1904.

JOHN HOKWELL, President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Published in the Evening News Review April 20 and 27.

ORDINANCE NO. 784

Granting to the Newell Bridge Company Right to Construct its Bridge Over Fourth Street, West Street and Water Street.

Be it ordained by the Council of the City of East Liverpool, Ohio:

Section 1. That the Newell Bridge Company, its successors and assigns, is hereby granted the right to construct, erect and maintain a bridge, together with the necessary piers, supports, anchors and abutments from lot number 363, as distinguished on the record plan of said city, on over and across Fourth street, West street and Water street in said city. Provided that the same shall be constructed in such a manner, and at such height as not to interfere with travel, passing on, over or along the said streets.

Section 2. Said company shall complete said bridge and have it open for traffic within two years from the date of the passage of this ordinance, and pay for the publication of this ordinance.

Section 3. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 19th day of April, 1904.

JOHN HOKWELL, President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Published in the Evening News Review April 20 and 27.

REALM OF SPORTS

RECOLLECTIONS OF CURT WELCH

CHRIS VON DER AHE SPOKE FEELINGLY OF GREAT PLAYER.

Was a Dare Devil Player And Never Lost an Opportunity to Help His Team to Win.

The Cincinnati Enquirer in its issue last Sunday contained an interesting article on the famous St. Louis Browns of 1886, accompanied by pictures of the players, among them Curt Welch, whose home was in this city. The article contained reminiscences of the famous Chris von der Ahe, owner and manager of the team, and the most peculiar figure ever produced among the base ball magnates. Curt Welch was the greatest middle fielder the game ever knew and he will be remembered as long as base ball is played. Von der Ahe says of him:

One man on the four-time winners that I liked particularly was Curt Welch, our crack center fielder. He was the dare-devil of the team. No chance was too great for him to take if he thought it improved the opportunity of the Browns to win. He was continually allowing the ball to hit him in order to get on base when a run was needed. He'd let the ball hit him on the head if the occasion demanded. I frequently cautioned him against taking such desperate chances, but he would only say:

"If I get killed, you'll have to take care of the family."

As a matter of fact at that time Curt had compelled me to take care of his family in a way. I was compelled to fine him frequently. He was such a good fellow, too, that I hated to take the money away from his wife and children, so I hit upon the scheme of giving the money I took out of his salary in fines to Mrs. Welch. I told her to say nothing about it and she didn't.

After I had been doing this for a few months Welch "got next."

"Say, Commie," Curt said to Comiskey one day, "the boss is pretty slick, ain't he? Here I've been making less money than ever and my wife has more things about the house than she had when I was giving her plenty. I believe he's paying my fines to her."

Curt guessed right, but I didn't change the system.

It was a favorite trick in those days to steal the best bats of the other side, or rather hide them until the game was over. Latham was fined \$10 for stealing a bat at Philadelphia, and Welch \$25 for the same thing at Cincinnati.

Welch got a bat belonging to "Long John" Reilly, the famous slugging first baseman of the Reds, and pushed it into a hole in the grand stand. Reilly missed the bat and the umpire stopped the game until it was found. When they found it they couldn't get it out, and all the satisfaction Reilly could get was to see Welch fined.

FIRST GAMES AMONG TWO MEN TEAMS

Pirates Took Three Out of Four from the Japs at Imperial Alleys Last Night.

For the summer bowling season a league of two-men teams has been organized at the Imperial alleys. The Japs team is captained by Otto Powell and Earl Brunt is the other member. The Pirates team is composed of Jack Williams captain and Rus Crable.

The first games were played last night and the Pirates won three out of four. Crable bowled the high score of 214. The individual records follow:

Japs—Otto Powell, 166, 159, 160, 168; Earl Brunt, 142, 167, 144, 129; totals, 308, 326, 304, 297.

Pirates—Jack Williams, 159, 161, 167, 158; Rus Crable, 153, 125, 145, 214; totals, 312, 286, 312, 372.

Jefferson Street Stars.

The Jefferson street Stars have organized and want games with the 12-year-old teams of the city. The players are Leigh, catcher; Adams, pitcher; McNicol, first base; Anderson, second base; Keffler, third base; Shea, short stop; Herme, left field; Czech, center field, and Williams, right field.

SPORTING MISCELLANY.

Columbiana expects to have a strong ball team this year.

The Sharon dog show will open tomorrow. There are 365 entries, \$200 in cash prizes and 20 special prizes.

The death is announced of the famous American stallion, Foxhall, at Lord Roseberry's stud farm near London.

James J. Corbett denies that he has quit the ring. He is willing to engage in any match likely to prove a paying proposition.

DAMAGE CLAIMS WERE REFERRED

Continued from First Page.

stated that a number of the properties are sewered into the run at the present time and there is a sentiment in favor of bringing the state health officials here to look after them, as the local board appears to be unable to cope with the question.

As was forecasted in these columns, an ordinance was introduced in council, asking for the change of Hickory and Locust alleys in the East End, so as to give them the dignity of streets. The former is asked to be changed to Larkins avenue and the latter to Locust street. Locust alley is 30 feet wide, and as there is another alley of the same name, the change is needed. Hickory alley is also 30 feet the most of its length, and both have as much travel as any of the streets of the suburb, it is claimed, as they are the connecting thoroughfares from Mulberry street to Virginia avenue. The ordinance passed first reading.

The ordinance establishing a street through the lot in the old cemetery for the use of the Newell Bridge company also passed second reading with no objections.

A petition was received and a resolution passed declaring it necessary to improve Summit lane from Jackson to Jefferson street by grading and paving. The owners of the abutting property agree to pay all the cost of the improvement. There are some details yet to be looked after and the resolution will be held up until the property owners satisfy the solicitor in regard to the payment for the work.

The engineer was instructed to prepare estimates of the cost of grading and paving North street from Jennings avenue to the Calcutta road. There are five intersections on this thoroughfare which will have to be looked after by the city, and it is not to be expected that there will be any rush toward making the improvement on account of the lack of funds.

A communication was received from the board of service stating that it was thought necessary for legislation in regard to contractors hauling dirt over the streets in wagons which allow it to spill on the thoroughfares. The board recommended that they be required to use only tight bed wagons and also pay for the cleaning of the streets over which they haul the dirt in making excavations. It was thought that there was already an ordinance to this effect, and the matter was referred to the solicitor with instructions to investigate.

LAST TRIBUTE PAID

The Late William Streets, Library Janitor, Buried With Military Honors.

With impressive military ceremonies the body of the late William Streets, janitor at the Carnegie library building, who died Sunday morning, was laid to rest yesterday afternoon in the Grand Army lot in Riverside cemetery. Impressive funeral services were held at 2 o'clock in the janitor's apartments in the library building, Rev. J. H. Mason, of the African M. E. church, delivering the funeral oration. He paid a well deserved tribute to the character and worth of the deceased, who was one of the most highly respected colored men in this section.

The funeral was largely attended by both white and colored friends. The library remained closed during the day until after the services. There were many floral tributes, among them one of great beauty from the St. Stephen's social club and one from Miss Baker, librarian, and Miss Hall, assistant. The pall-bearers were selected from the members of General Lyon post, G. A. R., and a squad from General Garfield camp, Sons of Veterans, marched to the cemetery and fired a salute while the body was being lowered into the grave.

A Sportman's Mecca.

There is no more delightful place in the Western Hemisphere for out-door life and perfect sport with rod and gun than the famous Muskoka Lakes region of the "Highlands of Ontario" about 100 miles north of Toronto. Canoeing is one of the many pleasures the district affords. The Grand Trunk reaches it with ease and comfort, whirling its passengers through some of the grandest scenery on earth.

Handsome, illustrated descriptive matter sent free to any address on application to R. McSmith, Southern Passenger Agent, 124 Woodward avenue, Detroit, Mich.

Gallon Strikers Win Their Point.

Gallon, O., April 27.—A strike of 350 employees of the Erie railroad at this place has been settled by the discharge of an objectionable employee whom the men said was a spoiler.

Pope Will Protest to Powers.
Rome, April 27.—It is asserted that the protest of the pope against the presence of President Loubet at the Quirinal will take the form of a note to all Catholic powers.

THIN PEOPLE

want to get fat and fat people want to get thin—human nature. If you are fat don't take Scott's Emulsion. It will make you gain flesh. If you are thin Scott's Emulsion is just what you need.

It is one of the greatest flesh producers known. Not temporary gains but healthy, solid flesh that will fill out the body where it is needed.

There's nothing better than Scott's Emulsion for weakness and wasting.

BAYARD

Bayard, April 27.—I. C. Willis, who has been visiting his brother, Benjamin Willis and family, and attending the funeral of Mrs. Henrietta Miller, which was held at the Moultrie chapel April 24, has returned to his home at Sallineville.

Mrs. Henrietta Miller died April 22, of a complication of diseases at the home of her oldest son, Alfred, where she has been for over nine months. Her husband has been dead nearly 11 months. She leaves three daughters and five sons, also one brother and one sister and a number of grandchildren. She was 58 years old.

Mr. and Mrs. O. O. Emmons and son, Karl, and Mr. and Mrs. Delbert E. Baird and family visited at the home of Mr. and Mrs. Aaron Shively lately.

Quite a number of the farmers have begun to plow and get ready to drill oats.

One of the most highly esteemed young ladies here, Miss Carrie M. Whitacre, and George G. Wernet were married lately.

Bayard Sunday school will be represented April 29 at East Rochester, where the West township Sunday school convention will be held.

NOTED WESTERN MAN VISITING HIS OLD HOME

Judge Peter H. Ward, of Portland, Ore., a Visitor at Lisbon This Week.

Lisbon, April 27.—(Special.)—Judge Peter H. Ward, of Portland, Ore., was an entertaining visitor in the common pleas court room yesterday. Judge Ward is a native of Columbiana county and although he left Ohio about 42 years ago, will be remembered by many of the older residents in all parts of the county. He was brought up in Butler township, the son of Mr. and Mrs. Joseph Ward, and 50 years ago secured his first license to teach school here, when David Anderson, a famous old Lisbon pedagogue, was the chief examiner.

On leaving Ohio he first went to Oil Creek, Pa., and later to Indiana, where he studied law and was admitted to the bar. In one of his first cases he was associated with counsel in a case in which the opposing coun-

Ayer's Sarsaparilla

Over 60 years old! Think of it! Honesty, merit, power to cure, these are the reasons. Ask your doctor.

sel were Benjamin Harrison and Thomas A. Hendricks. After serving a number of years as a judge of the circuit bench in the Thirtieth Indiana district, he went to Portland, Ore., where he has since lived.

Judge Ward is spending some time amid the scenes of his boyhood as a guest of his brothers, Albion M., who occupies the old home farm, and Ferdinand J., who is at present on the jury here. This is Judge Ward's first extended visit to his old home since he left more than 40 years ago.

A Thoughtful Man.
M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Will Reed's, C. T. Larkins', C. G. Anderson's and J. D. Holloway's drug stores.

SSS THE OLDEST AND BEST BLOOD PURIFIER

THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just tired, worn out and totally unfit for work or anything else that requires energy or effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

Gentlemen: For over four years I suffered with general debility, causing a thorough breaking down of my system, so that I was unable to attend to my household duties. I had tried other medicines, which did not relieve me. Seven years ago my cousin, who had been benefited by S. S. S., told me about it. I tried it and it cured me. I have been able to attend to my household duties ever since, experiencing no inconvenience whatever; in fact, I am able to work in the garden as well as my house.

I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic, feeling sure they will be benefited thereby.

Yours truly,
MRS. JOSIE A. BRITAIN,
44 W. Ninth St., Columbia, Tenn.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. SSS NATURE'S REMEDY PURELY VEGETABLE

Prevent Typhoid

Liquozone Makes It Avoidable—A 50c Bottle Free.

We have purchased for \$100,000, the American rights to Liquozone, because it prevents and cures germ diseases, and Typhoid is one. We thus control the only way to attack this dread disease.

The germs of typhoid generally get into the body through water. They locate in the bowels, and they breed there and multiply with inconceivable rapidity. They cause ulceration of the bowels, and that is typhoid. These germs can now be killed in the water before they get into the body. And they can be killed in the body easily, quickly and certainly. Typhoid is unnecessary.

You can prevent it just as well as we.

How to Cure
Take Liquozone internally until the germs are killed. Take large doses and frequent doses, kill the germs quickly.

There is no other way. Every drug that kills germs is a poison, and it cannot be taken internally in effective doses. Salol, so commonly given in typhoid, gets its effect from carbollic acid. Enough of that acid to kill the germs of typhoid would be enough to kill you. And so with mercury, which is also employed.

Every physician knows that he cannot kill internal germs with such poisons, for a dose that would stop a germ trouble is a dose that stops life.

We Paid \$100,000
for the American rights to Liquozone, because it does in germ diseases—like typhoid—what nothing else known can accomplish. It is the only germicide which is harmless to the human body.

Liquozone is the result of more than 20 years of scientific and chemical research. It is made by generating gases, made in large part from the best oxygen producers. These gases are confined under pressure and by the employment of an immense apparatus and 14 days' time, are made part of the liquid product.

The result is a product which does what oxygen does. Like oxygen gas, it gives to the body the most essential elements of life. It is a tonic with which no other known product can compare. And yet, like an excess of oxygen, it is certain destruction to germs. It is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

How to Prevent
Put two teaspoonfuls of Liquozone in each glass of drinking water. It will add a pleasant taste to the water, and it makes the water a tonic. But no touch of impurity, no germ of disease, can exist in the presence of Liquozone. There is no other way to make certain of killing the germs of typhoid.

We live in Chicago, where the city water is often laden with typhoid. We put Liquozone in all the water served in our laboratory, and we serve it on the tables of our homes. We have 400 employees, yet not a case of typhoid has developed among them.

50c Bottles Free

We want to show you how to stop this epidemic of typhoid. There is no time to argue, no time to convince you. Too many lives may be lost by delay. So we simply say this: We will buy the first bottle and give it to you—to every one who asks it. Send us the coupon and we will mail you an order on your druggist for a 50c bottle and we will pay your druggist ourselves for it.

Use it to prevent Typhoid by purifying your water. Use it to cure Typhoid if you have it. Write us today for your own sake, for you cannot afford the risk you are taking without it.

This applies to physicians as well as to patients. Any physician who doesn't know what Liquozone does is welcome to ask for a test. We have a special book for physicians referring to Typhoid. We employ a physician to advise other physicians regarding it. Let us prove that Liquozone does in Typhoid what all medical skill cannot accomplish without it. Liquozone costs 50c and \$1.

Cut Out This Coupon.

and mail it to The Liquid Ozone Co., 458-460 Wabash Avenue, Chicago.

I have never used Liquozone, but if you will furnish me a 50c bottle I will use it to prevent typhoid.

Coal Breaker Is Destroyed.

Seranton, Pa., April 27.—The Pine Brook breaker of the Seranton Coal company was almost completely destroyed by a fire. The loss is \$60,000. All of the 600 men at work in the mine, together with the mules, were gotten out through secondary openings.

Pittsburg Lawyer Appointed.

Washington, April 27.—The president has sent to the senate the nomination of Charles F. McKenna of Pennsylvania as United States district judge for the district of Porto Rico. Mr. McKenna is a Pittsburg lawyer.

DAMAGE CLAIMS WERE REFERRED

Continued from First Page.

stated that a number of the properties are sewered into the run at the present time and there is a sentiment in favor of bringing the state health officials here to look after them, as the local board appears to be unable to cope with the question.

As was forecasted in these columns, an ordinance was introduced in council, asking for the change of Hickory and Locust alleys in the East End, so as to give them the dignity of streets. The former is asked to be changed to Larkins avenue and the latter to Locust street. Locust alley is 30 feet wide, and as there is another alley of the same name, the change is needed. Hickory alley is also 30 feet the most of its length, and both have as much travel as any of the streets of the suburb, it is claimed, as they are the connecting thoroughfares from Mulberry street to Virginia avenue. The ordinance passed first reading.

The ordinance establishing a street through the lot in the old cemetery for the use of the Newell Bridge company also passed second reading with no objections.

A petition was received and a resolution passed declaring it necessary to improve Summit lane from Jackson to Jefferson street by grading and paving. The owners of the abutting property agree to pay all the cost of the improvement. There are some details yet to be looked after and the resolution will be held up until the property owners satisfy the solicitor in regard to the payment for the work.

The engineer was instructed to prepare estimates of the cost of grading and paving North street from Jennings avenue to the Calcutta road. There are five intersections on this thoroughfare which will have to be looked after by the city, and it is not to be expected that there will be any rush toward making the improvement on account of the lack of funds.

A communication was received from the board of service stating that it was thought necessary for legislation in regard to contractors hauling dirt over the streets in wagons which allow it to spill on the thoroughfares. The board recommended that they be required to use only tight bed wagons and also pay for the cleaning of the streets over which they haul the dirt in making excavations. It was thought that there was already an ordinance to this effect, and the matter was referred to the solicitor with instructions to investigate.

LAST TRIBUTE PAID

The Late William Streets, Library Janitor, Buried With Military Honors.

With impressive military ceremonies the body of the late William Streets, janitor at the Carnegie library building, who died Sunday morning, was laid to rest yesterday afternoon in the Grand Army lot in Riverview cemetery. Impressive funeral services were held at 2 o'clock in the janitor's apartments in the library building. Rev. J. H. Mason, of the African M. E. church, delivering the funeral oration. He paid a well deserved tribute to the character and worth of the deceased, who was one of the most highly respected colored men in this section.

The funeral was largely attended by both white and colored friends. The library remained closed during the day until after the services. There were many floral tributes, among them one of great beauty from the St. Stephen's social club and one from Miss Baker, librarian, and Miss Hall, assistant. The pall-bearers were selected from the members of General Lyon post, G. A. R., and a squad from General Garfield camp, Sons of Veterans, marched to the cemetery and fired a salute while the body was being lowered into the grave.

A Sportman's Mecca.

There is no more delightful place in the Western Hemisphere for out-door life and perfect sport with rod and gun than the famous Muskoka Lakes region of the "Highlands of Ontario," about 100 miles north of Toronto. Canoeing is one of the many pleasures the district affords. The Grand Trunk reaches it with ease and comfort, whirling its passengers through some of the grandest scenery on earth.

Handsome, illustrated descriptive matter sent free to any address on application to R. McSmith, Southern Passenger Agent, 124 Woodward avenue, Detroit, Mich.

Gallon Strikers Win Their Point.

Gallon, O., April 27.—A strike of 350 employees of the Erie railroad at this place has been settled by the discharge of an objectionable employee whom the men said was a spotter.

Pope Will Protest to Powers.

Rome, April 27.—It is asserted that the protest of the pope against the presence of President Loubet at the Quirinal will take the form of a note to all Catholic powers.

THIN PEOPLE

want to get fat and fat people want to get thin—human nature. If you are fat don't take Scott's Emulsion. It will make you gain flesh. If you are thin Scott's Emulsion is just what you need.

It is one of the greatest flesh producers known. Not temporary gains but healthy, solid flesh that will fill out the body where it is needed.

There's nothing better than Scott's Emulsion for weakness and wasting.

We'll send you a sample free upon request.

S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

SSS NATURE'S REMEDY PURELY VEGETABLE Prevent Typhoid

Liquozone Makes It Avoidable—A 50c Bottle Free.

We have purchased for \$100,000 the American rights to Liquozone, because it prevents and cures germ diseases, and Typhoid is one. We thus control the only way to attack this dread disease.

The germs of typhoid generally get into the body through water. They locate in the bowels, and they breed there and multiply with inconceivable rapidity. They cause ulceration of the bowels, and that is typhoid. These germs can now be killed in the water before they get into the body. And they can be killed in the body easily, quickly and certainly. Typhoid is unnecessary.

How to Prevent

Put two teaspoonfuls of Liquozone in each glass of drinking water. It will add a pleasant taste to the water, and it makes the water a tonic. But no touch of impurity, no germ of disease, can exist in the presence of Liquozone. There is no other way to make certain of killing the germs of typhoid.

We live in Chicago, where the city water is often laden with typhoid. We put Liquozone in all the water served in our laboratory, and we serve it on the tables of our homes. We have 400 employees, yet not a case of typhoid has developed among them.

You can prevent it just as well as we.

How to Cure

Take Liquozone internally until the germs are killed. Take large doses and frequent doses, kill the germs quickly.

There is no other way. Every drug that kills germs is a poison, and it cannot be taken internally in effective doses. Salol, so commonly given in typhoid, gets its effect from carboic acid. Enough of that acid to kill the germs of typhoid would be enough to kill you. And so with mercury, which is also employed. Every physician knows that he cannot kill internal germs with such poisons, for a dose that would stop a germ trouble is a dose that stops life.

We Paid \$100,000

for the American rights to Liquozone, because it does in germ diseases—like typhoid—what nothing else known can accomplish. It is the only germicide which is harmless to the human body.

Liquozone is the result of more than 20 years of scientific and chemical research. It is made by generating gases, made in large part from the best oxygen producers. These gases are confined under pressure and by the employment of an immense apparatus and 14 days' time, are made part of the liquid product.

The result is a product which does what oxygen does. Like oxygen gas, it gives to the body the most essential elements of life. It is a tonic with which no other known product can compare. And yet, like an excess of oxygen, it is certain destructive to germs. It is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

50c Bottles Free

We want to show you how to stop this epidemic of typhoid. There is no time to argue, no time to convince you. Too many lives may be lost by delay. So we simply say this: We will buy the first bottle and give it to you—to every one who asks and give it to you—to every one who asks. Send us the coupon and we will mail it. Send us an order on your druggist for a 50c bottle and we will pay your druggist ourselves for it. Use it to prevent Typhoid by purifying your water. Use it to cure Typhoid if you have it. Write us today for your own sake, for you cannot afford the risk you are taking without it. This applies to physicians as well as to patients. Any physician who doesn't know what Liquozone does is welcome to ask for a test. We have a special book for physicians referring to Typhoid. We employ a physician to advise other physicians regarding it. Let us prove that Liquozone does in Typhoid what all medical skill cannot accomplish without it. Liquozone costs 50c and \$1.

Cut Out This Coupon.

and mail it to The Liquid Ozone Co., 455-460 Wabash avenue, Chicago.

I have never used Liquozone, but if you will furnish me a 50c bottle I will use it to prevent typhoid.

DAMAGE CLAIMS WERE REFERRED

Continued from First Page.

stated that a number of the properties are sewerage into the run at the present time and there is a sentiment in favor of bringing the state health officials here to look after them, as the local board appears to be unable to cope with the question.

As was forecasted in these columns, an ordinance was introduced in council, asking for the change of Hickory and Locust alleys in the East End, so as to give them the dignity of streets. The former is asked to be changed to Larkins avenue and the latter to Locust street. Locust alley is 30 feet wide, and as there is another alley of the same name, the change is needed. Hickory alley is also 30 feet the most of its length, and both have as much travel as any of the streets of the suburb, it is claimed, as they are the connecting thoroughfares from Mulberry street to Virginia avenue. The ordinance passed first reading.

The ordinance establishing a street through the lot in the old cemetery for the use of the Newell Bridge company also passed second reading with no objections.

A petition was received and a resolution passed declaring it necessary to improve Summit lane from Jackson to Jefferson street by grading and paving. The owners of the abutting property agree to pay all the cost of the improvement. There are some details yet to be looked after and the resolution will be held up until the property owners satisfy the solicitor in regard to the payment for the work.

The engineer was instructed to prepare estimates of the cost of grading and paving North street from Jennings avenue to the Calcutta road. There are five intersections on this thoroughfare which will have to be looked after by the city, and it is not to be expected that there will be any rush toward making the improvement on account of the lack of funds.

A communication was received from the board of service stating that it was thought necessary for legislation in regard to contractors hauling dirt over the streets in wagons which allow it to spill on the thoroughfares. The board recommended that they be required to use only tight bed wagons and also pay for the cleaning of the streets over which they haul the dirt in making excavations. It was thought that there was already an ordinance to this effect, and the matter was referred to the solicitor with instructions to investigate.

LAST TRIBUTE PAID

The Late William Streets, Library Janitor, Buried With Military Honors.

With impressive military ceremonies the body of the late William Streets, janitor at the Carnegie library building, who died Sunday morning, was laid to rest yesterday afternoon in the Grand Army lot in Riverview cemetery. Impressive funeral services were held at 2 o'clock in the janitor's apartments in the library building, Rev. J. H. Mason, of the African M. E. church, delivering the funeral oration. He paid a well deserved tribute to the character and worth of the deceased, who was one of the most highly respected colored men in this section.

The funeral was largely attended by both white and colored friends. The library remained closed during the day until after the services. There were many floral tributes, among them one of great beauty from the St. Stephen's social club and one from Miss Baker, librarian, and Miss Hall, assistant. The pallbearers were selected from the members of General Lyon post, G. A. R., and a squad from General Garfield camp, Sons of Veterans, marched to the cemetery and fired a salute while the body was being lowered into the grave.

A Sportman's Memento.

There is no more delightful place in the Western Hemisphere for out-door life and perfect sport with rod and gun than the famous Muskoka Lakes region of the "Highlands of Ontario" about 100 miles north of Toronto. Canoeing is one of the many pleasures the district affords. The Grand Trunk reaches it with ease and comfort, whirling its passengers through some of the grandest scenery on earth.

BAYARD

Bayard, April 27.—I. C. Willis, who has been visiting his brother, Benjamin Willis and family, and attending the funeral of Mrs. Henrietta Miller, which was held at the Moultrie chapel April 24, has returned to his home at Salineville.

Mrs. Henrietta Miller died April 22, of a complication of diseases at the home of her oldest son, Alfred, where she has been for over nine months. Her husband has been dead nearly 11 months. She leaves three daughters and five sons, also one brother and one sister and a number of grandchildren. She was 58 years old.

Mr. and Mrs. O. O. Emmons and son, Karl, and Mr. and Mrs. Delbert E. Baird and family visited at the home of Mr. and Mrs. Aaron Shively lately.

Quite a number of the farmers have begun to plow and get ready to drill oats.

One of the most highly esteemed young ladies here, Miss Carrie M. Whitacre, and George G. Wernet were married lately.

Bayard Sunday school will be represented April 29 at East Rochester, where the West township Sunday school convention will be held.

NOTED WESTERN MAN VISITING HIS OLD HOME

Judge Peter H. Ward, of Portland, Ore., a Visitor at Lisbon This Week.

Lisbon, April 27.—(Special.)—Judge Peter H. Ward, of Portland, Ore., was an entertaining visitor in the common pleas court room yesterday. Judge Ward is a native of Columbiana county and although he left Ohio about 42 years ago, will be remembered by many of the older residents in all parts of the county. He was brought up in Butler township, the son of Mr. and Mrs. Joseph Ward, and 50 years ago secured his first license to teach school here, when David Anderson, a famous old Lisbon pedagogue, was the chief examiner.

On leaving Ohio he first went to Oil Creek, Pa., and later to Indiana, where he studied law and was admitted to the bar. In one of his first cases he was associated with counsel in a case in which the opposing coun-

Ayer's Sarsaparilla

Over 60 years old! Think of it! Honesty, merit, power to cure, these are the reasons. Ask your doctor.

get were Benjamin Harrison and Thomas A. Hendricks. After serving a number of years as a judge of the circuit bench in the Thirtieth Indiana district, he went to Portland, Ore., where he has since lived.

Judge Ward is spending some time amid the scenes of his boyhood as a

guest of his brothers, Abdon M., who occupies the old home farm, and Ferdinand J., who is at present on the jury here. This is Judge Ward's first extended visit to his old home since he left more than 40 years ago.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Will Reed's, C. T. Larkins', C. G. Anderson's and J. D. Holloway's drug stores.

The Finest Cleaner Made Cleans bath tubs perfectly.

SSS THE OLDEST AND BEST BLOOD PURIFIER THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just tired, worn out and totally unfit for work or anything else that requires energy or effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

SSS NATURE'S REMEDY PURELY VEGETABLE Prevent Typhoid

Liquozone Makes It Avoidable—A 50c Bottle Free.

We have purchased for \$100,000, the American rights to Liquozone, because it prevents and cures germ diseases, and Typhoid is one. We thus control the only way to attack this dread disease.

The germs of typhoid generally get into the body through water. They locate in the bowels, and they breed there and multiply with inconceivable rapidity. They cause ulceration of the bowels, and that is typhoid. These germs can now be killed in the water before they get into the body. And they can be killed in the body easily, quickly and certainly. Typhoid is unnecessary.

How to Prevent

Put two teaspoonfuls of Liquozone in each glass of drinking water. It will add a pleasant taste to the water, and it makes the water a tonic. But no touch of impurity, no germ of disease, can exist in the presence of Liquozone. There is no other way to make certain of killing the germs of typhoid.

We live in Chicago, where the city water is often laden with typhoid. We put Liquozone in all the water served in our laboratory, and we serve it on the tables of our homes. We have 400 employees, yet not a case of typhoid has developed among them.

You can prevent it just as well as we.

How to Cure

Take Liquozone internally until the germs are killed. Take large doses, and frequent doses, kill the germs quickly.

There is no other way. Every drug that kills germs is a poison, and it cannot be taken internally in effective doses. Salsol, so commonly given in typhoid, gets its effect from carbolic acid. Enough of that acid to kill the germs of typhoid would be enough to kill you. And so with mercury, which is also employed. HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Forty Hours' Devotion.—Forty hours' devotion services began at St. Aloysius church yesterday and closed today.

Prohibition Convention.—The county convention of the Prohibition party will be held in G. A. R. hall next Monday evening, when a ticket will be named.

"Cure the cough and save the life." Dr. Woods' Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

DAVID WALTERS' WILL

All the Estate Goes to Members of the Family—Executors Named.

Lisbon, April 27.—(Special.)—The will of the late David F. Walters, of Lisbon, has been filed for probate and Probate Judge J. A. Martin being one of the witnesses, it has been certified to common pleas court for the taking of testimony. He leaves to his wife, Sarah P. Walters, his farm in Elkrun township, house and lot on North Jefferson street in Lisbon, and all their household goods and furniture. On the death of the widow all the farming implements and machinery belonging to the estate are to go to their son, George A. Walters, and the household goods are to be divided among their three children by mutual agreement. The three children, George A. Walters, Mrs. Elizabeth E. Pike and Mrs. Anna Van Fossan, are also to be equal owners of all the real estate after the death of their mother and are made residuary legatees. George A. Walters, L. B. Pike and L. D. Van Fossan are named executors without bond.

The late Elizabeth T. Young, of Unity township, having left no will, Elizabeth H. Lones has been appointed administratrix of the estate under bond of \$6,000. Appraisers, J. C. Richardson, Hugh Fraser and L. D. Overlander.

SALOON MEN ARRAIGNED

George Flowers, of Wellsville, Will Stand Trial—A Bartender Fined \$40 and Costs.

Lisbon, April 27.—(Special.)—George Flowers, of Wellsville, was arraigned in court yesterday afternoon and plead not guilty to three indictments for having furnished liquor to a minor. His bond was fixed at \$100, in default of which he was taken to jail. William Blazer, who is employed as bartender in "Ginger" David's saloon in Wellsville, indicted for keeping open and selling on Sunday, pleaded guilty to keeping open, the other charge being nolledd. He was fined \$40 and costs.

Challenge Accepted.—The Franklin Athletic club accepts the challenge of the Jefferson Street Stars, and will play at any time and place excepting next Saturday.

What You Need for Constipation.—When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed, and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bulger.

Notice.—Saloonkeepers are notified not to sell any drink to my son, Duff Call, and not to sell to any one who will give it to him.

EVIL COMPANIONS

ALONE AT FAULT

Rev. John Glass Sneaks Kindly of His Wife and Says She Was Well Treated.

Rev. John Glass, who lives at Walker and is pastor of the Christian church at Irondale, called at the News Review office last evening and stated that the account of his trouble with his wife, as published yesterday, was correct, in the main, but he denied having struck her. He said:

"I pushed my wife's companion aside, but I did not strike Mrs. Glass. The woman with her was not Miss Thompson, as she stated, but Mrs. Ingalls. The carrying on and misconduct of the women while I have been absent working in the mill was the cause of all the trouble. I do not blame my wife. I believe she has so fallen under the influence of evil companions that she is not responsible. I still love her, and came to East Liverpool yesterday to try to influence her to return home for the sake of our child, a little daughter. She was well treated at home. She often stayed out late at night, as I have learned lately, deceiving me by the excuse that she was going to attend religious meetings.

"I found her in company with a man on Saturday and talked to her about her conduct. She promised nothing, but the next day two men who were boarders at the house and Mrs. Glass and the other woman left. Neither of the women has found employment in this city, so far as I can learn."

Mr. Glass' child has been taken to the home of a relative in Beaver Falls. It is not known where the two women are. Mr. Glass is spoken of by all who know him as a man of unblemished character and unsullied reputation. His friends sympathize with him deeply in the trouble that has fallen upon him.

Grippe kills millions yearly. People lack blood and vital force. Take a body builder, strength producing remedy like Hollister's Rocky Mountain Tea and throw off disease. 35 cents, tea or tablet form. C. F. Craig.

NOTICE TO REPUBLICANS

The Republican electors of the Eighteenth Congressional District of Ohio are hereby notified that a convention, to place in nomination a candidate to represent said District, will be held at Canton, Ohio, May 11, 1904, at 11 a. m. The delegations from the several counties will be selected upon the basis of the vote cast for governor in 1903, viz. One delegate for each one hundred votes, or one for each fraction of fifty or over:

CAUGHT IN A STORE WHILE VERY DRUNK

And William French Was Given Five Years in the Penitentiary.

Lisbon, April 27.—(Special.)—William French was placed on trial in court here yesterday on a charge of having robbed the general store of Mrs. Mary Householder in Wellsville on the night of February 18-19. French was caught in the store room by the proprietress and her husband and was held until the police arrived and arrested him.

It seems that his home is in Rochester, Pa., where he has a wife and children and that he had been employed as a brick maker at Irondale. On the night of the alleged robbery he was returning to Irondale after a visit with his family, and while waiting in Wellsville for an accommodation train that leaves there about 1 o'clock in the morning, he fell in with companions and wound up in a maudlin condition at the East End passenger station in Wellsville.

When he boarded the train he was too drunk to give the conductor any intelligent information as to where he wanted to go and was put off at the West End station in Wellsville. About an hour later members of the Householder family, who occupy rooms over their store, heard a crash of glass at their store front, and hurrying down stairs, captured French when he was about to make his escape. He had only a mackintosh in his possession. Attorney F. L. Wells is defending him.

After being out half an hour yesterday afternoon the jury returned a verdict of guilty and French was given the minimum penalty, five years in the penitentiary. In sentencing the prisoner, Judge Hole said he regretted to impose so severe a penalty for so small an offense, yet the verdict of the jury, he said, was an entirely proper and logical one, in the light of the evidence.

CHICKEN THIEVES ICET 30 DAYS EACH

Must Go to Canton Workhouse for Appropriating Fowls at Salem.

Lisbon, April 27.—(Special.)—Frank Freeman and Charles Green, who pleaded not guilty a few days ago to an indictment for burglary and larceny, were brought into court yesterday afternoon and on the first charge being nolledd pleaded guilty to second, petit larceny. They were sentenced to 30 days each in the Canton workhouse.

It was alleged that Freeman and Greene broke into the poultry house of Leonard J. Barber, on the outskirts of Salem, and stole nine chickens. Eight of these chickens, dressed for

Shoes to Order.

We used to make a great many shoes to order. We had to do so in order to fit some feet comfortably. The new shapes we get now fit so easy and comfortable that a man or woman has no desire for anything better—either better looking or better feeling. The prices, too, are so reasonable and has very much to do with the shoe satisfaction. The most convincing proof is a trial.

R. W. Sample & Co.
 Diamond, East Liverpool, O.
 Public Square, Wellsville, O.

the market, were found in a coffee sack in the cellar at the home of one of the men next day. They admitted the theft of eight fowls, but denied having broken a lock to enter the poultry house and offered to pay for the chickens they had taken. They have been in jail here since about the middle of February. Freeman came to Ohio from Pennsylvania not long ago and was employed as a grader on the Stark electric railway.

SELLING BEER TO A YOUNG GIRL

Charge on Which a Wellsville Saloon Keeper Is Now on Trial.

Lisbon, April 27.—(Special.)—Thomas Patterson, better known as "Peck" Patterson, a bartender in Frank Geisse's saloon in Wellsville, was put on trial this afternoon on a charge of selling and furnishing to a minor. The minor in question is Nettie Roach, a fourteen-year-old girl, who lives across the street from Geisse's saloon, and who, it is said, was well known to Geisse and his employees at the time of the alleged sale on March 19.

On that evening, the prosecuting witness says, she was in the restaurant owned by Geisse, adjoining, and in the same building as the saloon, with a girl about her own age, and a young man who ordered beer for the three. Patterson served the beer and in doing so, it is alleged, told the Roach girl to pull down her veil so no one would recognize her.

The defendant denies having sold or furnished liquor to the girl or being in any way accessory to supplying her with it. His employer, he claims, refused to allow her in his saloon and once ordered her out. W. F. Lones, of Wellsville, is defending Patterson.

Pastor McMillin III.

DAVID WALTERS' WILL

All the Estate Goes to Members of the Family—Executors Named.

Lisbon, April 27.—(Special.)—The will of the late David F. Walters, of Lisbon, has been filed for probate and Probate Judge J. A. Martin being one of the witnesses, it has been certified to common pleas court for the taking of testimony. He leaves to his wife, Sarah P. Walters, his farm in Elkrun township, house and lot on North Jefferson street in Lisbon, and all their household goods and furniture. On the death of the widow all the farming implements and machinery belonging to the estate are to go to their son, George A. Walters, and the household goods are to be divided among their three children by mutual agreement. The three children, George A. Walters, Mrs. Elizabeth E. Pike and Mrs. Anna Van Fossan, are also to be equal owners of all the real estate after the death of their mother and are made residuary legatees. George A. Walters, L. B. Pike and L. D. Van Fossan are named executors without bond.

The late Elizabeth T. Young, of Unity township, having left no will, Elizabeth H. Lones has been appointed administratrix of the estate under bond of \$6,000. Appraisers, J. C. Richardson, Hugh Fraser and L. D. Overlander.

SALOON MEN ARRAIGNED

George Flowers, of Wellsville, Will Stand Trial—A Bartender Fined \$40 and Costs.

Lisbon, April 27.—(Special.)—George Flowers, of Wellsville, was arraigned in court yesterday afternoon and plead not guilty to three indictments for having furnished liquor to a minor. His bond was fixed at \$100, in default of which he was taken to jail.

William Blazer, who is employed as bartender in "Ginger" David's saloon in Wellsville, indicted for keeping open and selling on Sunday, pleaded guilty to keeping open, the other charge being nolle. He was fined \$40 and costs.

Challenge Accepted—The Franklin Athletic club accepts the challenge of the Jefferson Street Stars, and will play at any time and place excepting next Saturday.

What You Need for Constipation
 When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bulger.

Notice.
 Saloonkeepers are notified not to sell any drink to my son, Duff Call, and not to sell to any one who will give it to him.

EVIL COMPANIONS

ALONE AT FAULT

Rev. John Glass Speaks Kindly of His Wife and Says She Was Well Treated.

Rev. John Glass, who lives at Walker and is pastor of the Christian church at Irondale, called at the News Review office last evening and stated that the account of his trouble with his wife, as published yesterday, was correct, in the main, but he denied having struck her. He said:

"I pushed my wife's companion aside, but I did not strike Mrs. Glass. The woman with her was not Miss Thompson, as she stated, but Mrs. Ingalls. The carrying on and misconduct of the women while I have been absent working in the mill was the cause of all the trouble. I do not blame my wife. I believe she has so fallen under the influence of evil companions that she is not responsible. I still love her, and came to East Liverpool yesterday to try to influence her to return home for the sake of our child, a little daughter. She was well treated at home. She often stayed out late at night, as I have learned lately, deceiving me by the excuse that she was going to attend religious meetings.

"I found her in company with a man on Saturday and talked to her about her conduct. She promised nothing, but the next day two men who were boarders at the house and Mrs. Glass and the other woman left. Neither of the women has found employment in this city, so far as I can learn."

Mr. Glass' child has been taken to the home of a relative in Beaver Falls. It is not known where the two women are. Mr. Glass is spoken of by all who know him as a man of unblemished character and unsullied reputation. His friends sympathize with him deeply in the trouble that has fallen upon him.
